Subject: Dangerous Sidewalk Condition in Hollywood
To: councilmember.ofarrell@lacity.org

I writing to seek the assistance of your office. My partner, Robert Webster, and I reside in Hollywood. Last year, on January 9, 2017, he tripped on a very badly cracked sidewalk on Vine street, and fractured his patella. On March 12, 2017, we filed a claim for personal injuries with the City of Los Angeles. The City Attorney's Office has been unable to act on the claim because it has not yet received the records it requested from the Bureau of Street Services. I have attempted to contact the Bureau of Street Services to provide the records to the City Attorney's Office, but there is no way for the public to contact that office directly. It should not take over a year for the Bureau of Street Services to comply with a records request by the City Attorney's Office. To make matters worse, no one from the Bureau of Street Services has visited the location to inspect the condition of the sidewalk, and the sidewalk remains in the same dangerous condition it was in over a year ago. Someone else is likely to be severely injured if the sidewalk is not repaired. The accident occurred in front of 817 Vine Street, and pictures of the cracks have been provided to the City.

The Claim Number assigned to our claim is C17-110351. We would very much appreciate it if your office could contact the Bureau of Street Services and request that they supply the requested records to the Office of the City Attorney, as well as to inspect the sidewalk and have it repaired before anyone else gets injured.

Thank you for any assistance that your office may be able to provide us.

Best Regards,

Hey Sylvan,

Jonathan mentioned to me last week that he would be in Glassell Park on Friday. I have a roll off bin getting delivered today for bulky item pick up.

Mary/Dan,

Are there specific sites you need addressed by Jonathan on Friday? I'd like to get him in Glassell Park for at least an hour or two if possible.

Adrian is on special assignment today for Councilmember in Echo Park.
And he's off on Friday.

Jonathan had a medical emergency and did not come in today.

He'll be in on Friday in Dans and Mary's areas.

Teams worked Monday-Friday this week so they could be off this holiday weekend.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

this is bad.
Yesterday I noticed my bike was stolen from the gated and closed parking garage at 1762 tamarind ave.
It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.

So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Mayor Garcetti, Council Member O'Farrell, Field

Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under our noses at Carlos and Tamarind Avenues? It seems there’s a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know what to expect from you next? A more positive one this time please...WE

Dear Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

To quote you, the Good Honorable Mr. Mayor: "...confront the greatest moral and humanitarian crisis of our time." (HOMELESSNESS)...IT'S ABOUT TIME...

Hi Friends,

Happy Monday!! Wanted to send a quick note reminding you all that there is a hold on your calendar for July 18 from 12-1:30. The meeting will likely take place at, or near The Grove, so please plan accordingly. We will be focusing on Homelessness and hear briefly from some of our experts at the County and City level on the progress that has been made over the past year or so. We will update calendar invites with agenda, parking and more as soon as it is available.

For those of you who have had changes to staffing, please send me an updated staff roster ASAP so that I may make the appropriate changes on the invitation list.

Thank you,
Stephanie

MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with lou d-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action.

How about those right under our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. They are welcome to call the police or any other agency about filming, but lets be clear of rights and expectations.

1) you cannot tresspass my eyes

This means that anything that is visible from public property (read street, sidewalks etc) is allowed to be filmed by anyone at any time. Complaints about filming should be considered nonsense reports equivalent to complaining about the brand of shoe i choose to wear while walking down the street.

2) any person operating in a public area has no reasonable expectation of privacy.

This means that whether it be a 'civilian' individual or a government employee, they cannot force you to stop filming. In fact, it's within my rights to hang out and film anything within view. It's rude to film inside open tents for instance, but not illegal.

Filming is a first amendment right, and is considered free speech. I encourage you to youtube 'first amendment test'. There are some limits that ***can*** apply, such as filming from ***inside*** a building in specific circumstances. Do not be intimidated.

Best Regards,
Jesse

Good morning,

I am Sergeant Geaney of Hollywood Division. I supervise the Coordinated Outreach Resource and Enforcement Unit (CORE) whose principal responsibility is to address homelessness.

I would like to meet with the residents of Carlos and Tamarind to discuss our efforts.

I am available today through Friday during the day, Wednesday or Friday evening, and Saturday morning.

Please let me know when you would like to meet.

Respectfully,
Sergeant Shannon Geaney

How about those right under our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know what to expect from you next? A more positive one this time please...WE TRUST AND HOPE!

Mayor, Council Member, Field Deputy, may we hear from you? DON'T IGNORE THIS LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Sonia and Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE—ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

Subject: Update and Request for Assistance re: Carlos/Tamarind situation

Hi everyone,

Thank you for your continued work on this issue. I wanted to provide this update regarding the situation on the 5900-6000 blocks of Carlos Avenue and the 1700 block of Tamarind Avenue (cul-de-sac). There is a long thread of emails below from residents on Tamarind Avenue. I apologize for its length. But I wanted to make sure I forwarded this to you to get a sense of what's been occurring at Carlos/Tamarind Avenues.

There are multiple reports regarding recurring public safety issues including: burglary, vandalism, defecation, drugs, drinking in public, etc.

I have been in touch with the HOPE and CORE Teams and I know this location has been placed as the Top Priority of the moment. Please ensure that this location continues to get maximum attention. I am requesting:

1. Daily CORE Team attention
2. Weekly HOPE Team attention
3. Nightly After-Hours Patrol

I am certainly open to whatever additional strategies can or should be employed; please just let me know.

As always, your help is truly appreciated.

Thank you,

I noticed someone earlier in the email thread mentioned a call to LAPD and I'm guessing the earlier call they're referring to came from me.

Yesterday I had to park my car in front of the tents on Tamarind off of Carlos Ave due to there being no other parking spaces in the area. Later, I noticed there was an open space so I went to move my car. I noticed there was a group of people socializing right in front of the tents (so right behind my car). As I was approaching my car, a glass bottle was thrown in my direction. Luckily, it didn't hit me but I thought it was negligent. I was obviously walking to my car when the bottle was thrown. This happened at 9 pm and it appeared the group was already drinking, and I didn't want a worse situation to happen later in the night so I called the non emergency LAPD number. They said they'd send someone out. I was detailed in the area where the group was so I find it strange that they claimed they couldn't find anyone.

Dear Mayor Garcetti, and City Council and Daniel Halden, Hollywood Field Deputy,

There are many abandoned hospitals, buildings and properties where our homeless population can be placed, according to their problems and a state of mind.
Some of them have serious mental issues, some are there because of addictions but some need just a little help to get back on their feet. Whatever state they are - they need help.
Cleaning the issues, educating them and helping them to get jobs is the way to go.

It is sad to see what our city became to be. Instead of city of Angels, we should call it - city of tents.
On these properties they should grow their own vegetables etc. and as mentioned - earn their food and lodging, as we all do. Learn how this society functions and make them slowly a positive part of it.
Some will be extremely grateful for getting their lives back but some will probably never get there. Nevertheless, we need to help, protect and take care of everyone.

Thank You for looking after all of us. Please let us know how can we assist you in doing so. Something needs to be done very soon, not months from now, but NOW.

Very well thought-of ideas Larry. And we are trying to understand that this will take months or even years to implement. This is where your ideas come in—in the long-term.
In the meantime, we are asking for some stop-gap measures to give our dire situation here an immediate solution—for the safety of our residents. A temporary relocation of these people to an empty City property where they could put up a temporary tent city while waiting for the long-term housing solutions. Our residential streets here at Tamarind and Carlos Avenues cannot be a staging place while waiting for the budget. It is just too dangerous and unhealthy for our residents.

Dear Sir,
I am writing to you concerning the mounting problem of homeless tent people on Tamarind Ave. as well as the rest of Los Angeles and even the whole of America:

This letter is not a complaint but a solution. If you and Mr. O'Ferrell have further political ambitions this could well be your stepping stone.

Throughout the U.S. there are many abandoned military bases that I am assuming still have all of their utilities in place and functional. We could take our homeless, legal American citizens, there and give them a second chance at life. We in California are so concerned about aiding and abetting illegal aliens that we are forgetting our own, especially the war veterans that so gallantly fought to give you and I the freedom to act.

This would be a very costly program in the beginning but would eventually, unlike most if not all government programs, could pay for itself in the long run.

On these bases are large buildings or even in some cases hangers that could be converted into work places. The government could offer free rent to any company that would set up a business in one of these structures. For example sewing machines to make clothes or assembly plants for electronics, toys, shoes, whatever, I am sure you get the picture.

I suggest these companies could hire these people for five dollars an hour, I know that is below minimum wages, but, keep in mind these people would be getting **free** lodging, food, schooling and medical. Their hourly wage could go for clothing or more importantly, savings so that they can earn enough to get a new start on life.

These people could go to night school and learn a trade.

This could solve our homeless problem, but more importantly, would give true Americans their dignity back.

I have more ideas on how to streamline this solution. You now have my email address and here is my phone number.

Sincerely yours,

Larry LaVerne

I've just called the LAPD to make a noise complaint

about the campers street-party that has been going on outside our Tamarind apartments for pretty much the whole day. They started the music on the speaker at around 8am this morning and it's now 10pm - they only stopped briefly this afternoon when some workers came to cut cement right next to them (for once I was grateful for the sound of a cement cutter).
The LAPD said they'd already sent someone out but they couldn't find them apparently??, so I guess another resident or several have already made the same complaint. I think we have to just keep calling the police over every incident so these campers realize they don't own this street. Such a sad waste of city resources. Usually I'd never bother the police with this stuff but it's getting out of hand out there.
So you can add that to the list of complaints/events happening in Tamarind/Carlos:
March 01, loud music/bongs/drinking that has gone on for the whole day in a public street, and has now turned into an open-air street party with 12-15 people yelling drunkenly, whooping, moshing, dropping bottles in the street until after 10pm right outside our homes. Not to mention they have TRASHED the street again... it's such a mess out there.

Hi All,

I took the following 3 pictures at around 4:30 today.

My license plates were stolen 3 days ago. So, for the past 3 nights, I have been parking my truck NOT in my parking spot - but in the streets about a quarter mile away in fear of getting it vandalized. I broke my femur in December and I can't walk straight. I have a cane. But I have to walk 10 to 15 minutes to walk to my car to make sure it's safe.

Enforcing the law is not that hard. It is enforced everyday on us (good citizens who don't yell back and give attitude). When I speak to police officers who patrol the streets, they tell me "We are not allowed to address this. We have a special unit for these people. Why?

So if I'm a good citizen and decide to steal, I can get arrested - but if I'm in a tent, I cannot? I'm ABOVE the law? The "regular" police cannot deal with me?

Dan, please discuss this with your team. This needs to be addressed.

Have a great night and god bless.

this feed posted a picture of car getting a ticket for double parking (of course because all the parking spots are taken by cars/camping with out of state license plates) and in the background there are tents everywhere on the sidewalks. With that being said, the City was certainly able to enforce and give someone a ticket for double parking. Double parking because all spots are taken by folks that do not live on Carlos or Tamarind.

Hi Everyone,

My name is Gil Maclang and I was given the honor of being the point man or key person for the parking permit project we are working on in coordination with the office of Councilmember O'Farrell represented by Mr. Dan Halden. I was just on the phone with Dan and we discussed a long list of issues affecting our neighborhood, the frustration that they themselves felt for us and the obstacles they face in resolving the problem we are facing. They have taken the initial step of removing those tents along Carlos Avenue and Tamarind Avenue although according to the latest update I received, some people are still there and that a long line of clothes can be seen left to dry on the steel fence along Tamarind Ave.

Anyway, regarding the parking permit zone, Dan mentioned two options available to us, one is called Preferential Parking which will cost $34/year per vehicle and this will restrict parking to vehicles with valid-issued stickers only from say 8pm-6am. The other option costs $15 per vehicle but parking will be restricted between the hours of 2am and 6am only. The zone will include Tamarind Avenue (from Carlos Avenue to 101 freeway) and Carlos Avenue (from Tamarind Avenue to Bronson Avenue).

Portion of Carlos Avenue from Tamarind Avenue to La Baig Avenue can be made a no-parking zone from say 11pm to 6am but this will be applied for separately there being no residents along this portion of the road. We are probably talking about 10 parking spaces we will give up during the night in exchange for not having campers or transients' vans parked next to their tents, if any.

Preferential Parking is recommended but we will accept all inputs from residents of the three buildings on Tamarind and Carlos Avenues before making a final decision on the subject. This project will require signatures of 75% of residents in the three buildings mentioned. I can obtain the required signatures from the two buildings at 1762 Tamarind Avenue and 5919 Carlos Avenue. I need a contact person from 1756 Tamarind Avenue who can gather the required signatures from that building. I hope to hear from a volunteer or someone the residents can recommend. Thank you.

I certainly believe that if we give this project the full support it needs, we will be resolving multiple issues confronting us.

Thank you and I hope to hear your thoughts on this.

We are requesting to change the parking laws to be for residents only WITH PERMIT on Tamarind (between Carlos and 101) and on Carlos (between Bronson and Gower).

The key person for the parking changes will be Gil McClang. I believe you have his information. Please keep us informed of your progress.

We have requested immediate additional presence and enforcement by LAPD as well as a shift in strategies from the service providers in the area. We are working on other things as well. Please know that you can use me as a resource, on behalf of Councilmember O'Farrell, and I am available to you to discuss things in more depth and detail. Please do not hesitate to email me or call me directly at (213) 207-3015.

Mr. Morganstern, regarding the situation involving the preschool, I've reached out to the Presbyterian Church and would invite you to call me at your convenience, or please let me know a good number at which to reach you, to further discuss the incident. I am disturbed to hear of what happened.

Additionally, regarding parking issues -- I can definitely work with residents on some options we might have for the neighborhood. Is there a neighbor who is the point person in the parking effort?

Again, we are very sorry regarding the situation and will work to bring relief with the resources at our disposal.

Please feel free to contact me at any time.

Dear Mayor Garcetti, and City Council,
I am one of many parents that is very concerned about the situation that has been growing worse and worse right next to the preschool our children attend at HOLLYWOOD PRESBYTERIAN CHILDREN'S CENTER._

We had a very close call a few weeks back when preschoolers were crossing the street for a fun-filled day of our annual "snow day" in the adjacent parking lot across from the school. I was one of many volunteer parents helping out that day when a situation was getting out of hand with some apparent homeless campers and a person driving in a car later described to the police as trying to run over some of the people at that encampment. I don't know exactly what the reason was, but the car came down the block seconds before the children crossed the street. Two of the people of suspect confronted by the person in the car was very high on drugs as I witnessed. The situation was getting bad with people yelling profanity and getting violent. Once the police arrived the person driving the car drove away. This could have turned into a very bad situation with children crossing the street and a car trying to run people over.

This encampment is too close to the preschool as it is getting much worse and attracting more of the wrong crowd one would want near a preschool.

I hope you will do something about it immediately for the safety of our children, parents, and the surrounding neighborhood.

Sincerely,

Douglas Morganstern

I can't be sure where CD13.2017.03.25.a ought to be placed as I have no way of knowing what CD13 is working on right now. I placed it just after the first one on the list, but I trust that you will adjust it if that's not the right place for it.

I'm all for it but first we need to plan how to get signed affidavit from all affected/concerned residents and who will be available to represent us. I work long hours I cannot possibly take on that responsibility. Also, how much of an impact will it have on the petition as a whole if most of us will be represented by a single proxy.

In the meantime while waiting for this budget and project to come to fruition, may we request the City to please disperse the homeless encampments here at Carlos Tamarind Avenues. Our used-to-be clean and quiet residential place is no where to be a STAGING area while waiting for the budget!

LAPD have been here for the last hour, and have visited almost daily, and I just want to say that even though the overall situation is still TERRIBLE and often unbearable, and something more permanent needs to be done, I do feel the renewed police presence here has kept the street from descending into complete chaos/full-blown encampment. More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Good morning, Mr. Dundas.

Attached is an updated priority list for CD13 reflecting the changes contained in the emails I sent you just prior to sending this. I can't be sure where CD13.2017.03.25.a ought to be placed as I have no way of knowing what CD13 is working on right now. I placed it just after the first one on the list, but I trust that you will adjust it if that's not the right place for it.

Thanks,

Adrian

They don't have a field deputy to handle our request but took care of it nevertheless. Don't we wish they had jurisdiction over the sidewalks on Carlos and Tamarind. If we do it that way then we should have a signed affidavit from all of us affected that cannot meet. In fact, that's probably something that we should be bringing a fresh one of every time.

Please provide us with exactly what you need to take meaningful action to remove from the street those individuals whom are actually dangerous. Do you need recorded audio and video? Do you just need some pictures and individuals willing to participate in a lineup? Do you just need sworn affidavits? Perhaps notarized?

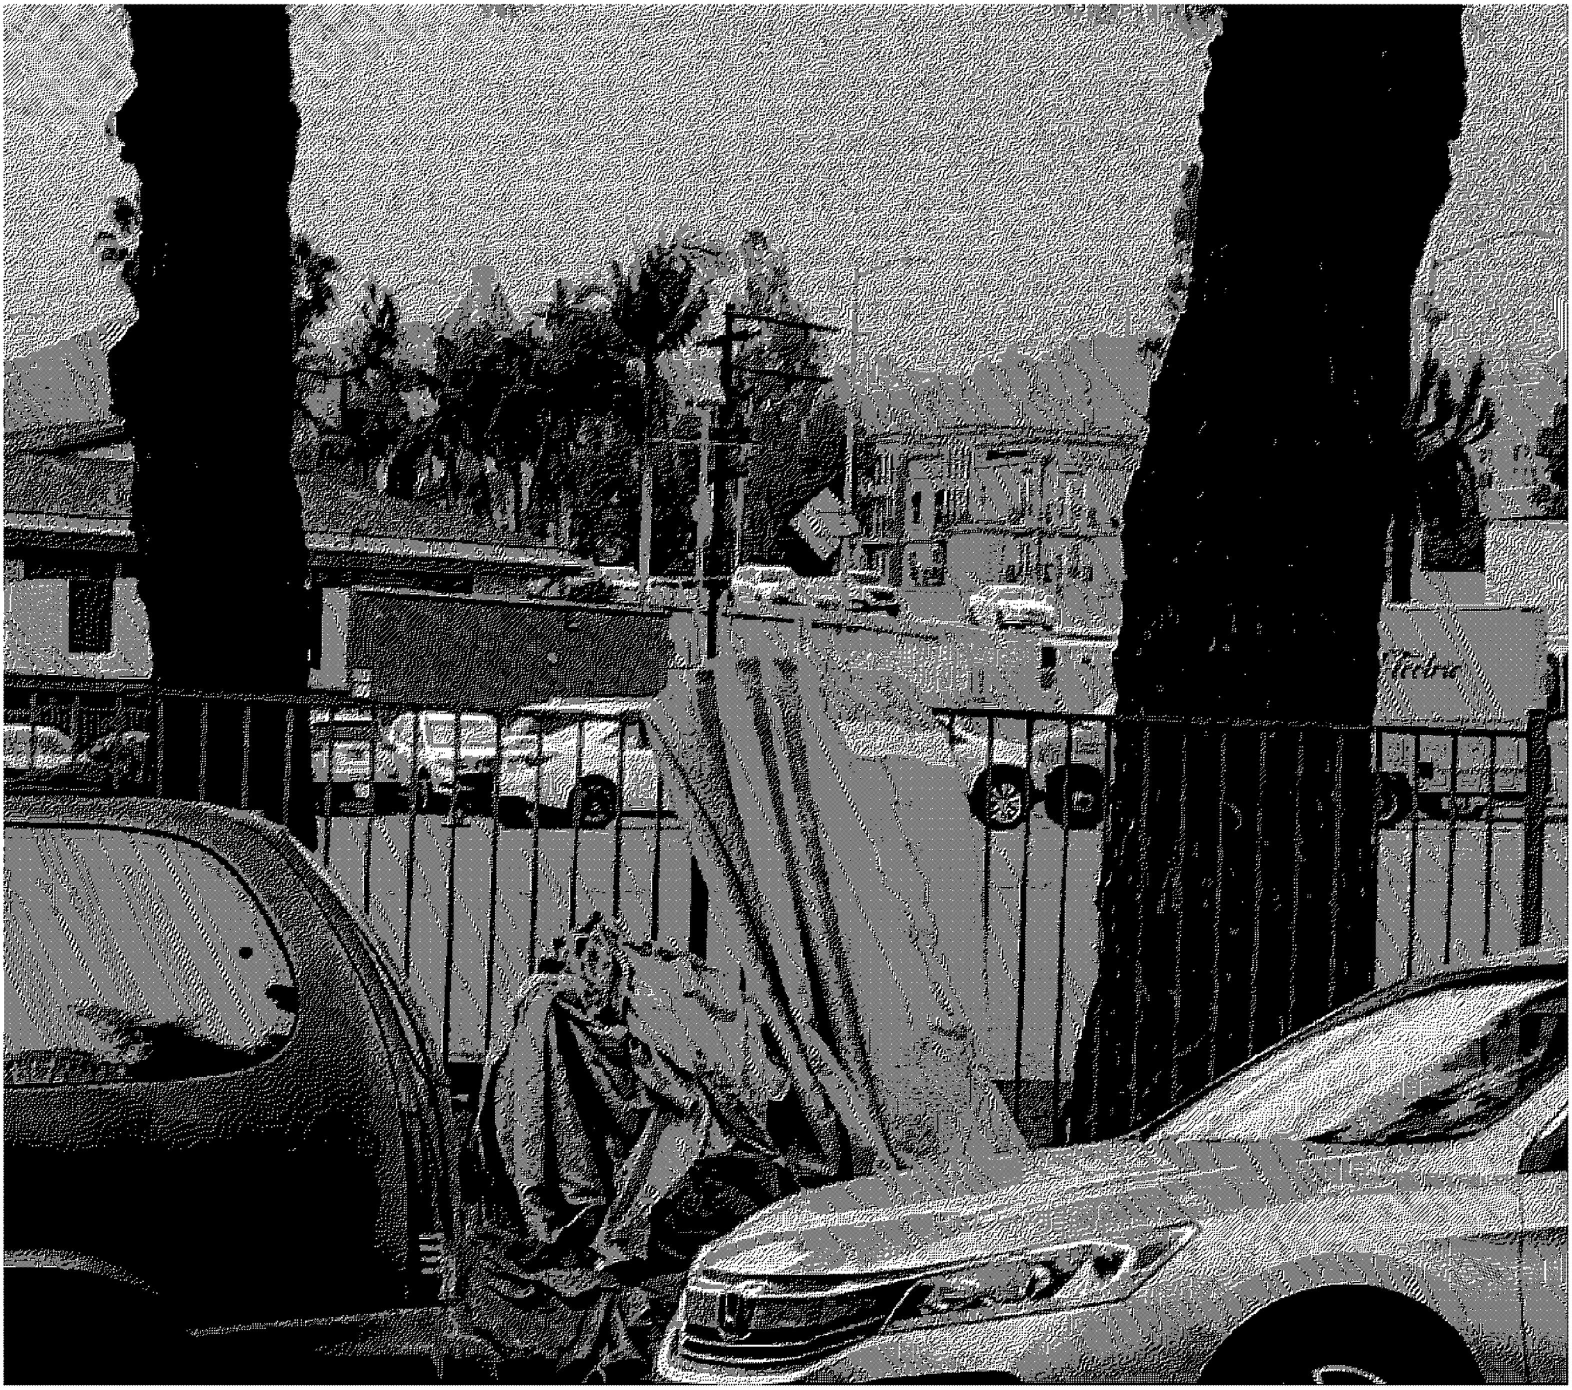
Sanitation posted this on Friday, the 27th...residents here were so hopeful that something is being or will be done about the homelessness here at Carlos Tamarind...



After the cleanup by Sanitation today, the 30th...
Photo taken at about 3:00 pm. There are a lot more by the corner of Tamarind and Carlos; and tents already up along Carlos Avenue by this time.

Where have all the cops and law enforcement gone?

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

LAPD have been here for the last hour, and have visited almost daily, and I just want to say that even though the overall situation is still TERRIBLE and often unbearable, and something more permanent needs to be done, I do feel the renewed police presence here has kept the street from descending into complete chaos/full-blown encampment. More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Hi Thomas,

Good seeing you yesterday. Please see below from Phan Vuong with LADOT. The spaces/signage that Ms. Barbosa is referring to are for the LADWP project, 5/10-5/26. Are those spaces really needed? Could we get some parking back for the neighborhood?

Please advise. Thanks!

Dan,

This job is leak work and was not completed this weekend due to materials availability. These materials are expected to arrive within 1-2 weeks. Crew has been scheduled to resume work on Saturday, May 19, assuming materials are received.

I am actively requesting removal of the parking restriction until materials are received. I will keep you posted as to when these might be lifted.

Thank you.

Daniel,
Why are there "No Parking All Week Signs" taking up 5 spaces on Gower?
Nobody is there working.

LAPD have been here for the last hour, and have visited almost daily, and I just want to say that even though the overall situation is still TERRIBLE and often unbearable, and something more permanent needs to be done, I do feel the renewed police presence here has kept the street from descending into complete chaos/full-blown encampment. More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Hi Anita,

You said you've talked to Dan Halden about the crisis here in our area. What was exactly done by him and his team on the day they came?

In the meantime while waiting for this budget and project to come to fruition, may we request the City to please disperse the homeless encampments here at Carlos Tamarind Avenues. Our used-to-be clean and quiet residential place is no where to be a STAGING area while waiting for the budget!

More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

There's no way we can go near such violent aggressive people to move it. And a guy is pissing out in the open, right outside my window. Please help us move these people away from this residential area! Why do we have to wake up to this every day??

We called Caltrans to report the tents behind our building next to 101 freeway on 03/29/18. As of today they're completely gone and the area secured. What's the difference? They don't have a field deputy to handle our request but took care of it nevertheless. Don't we wish they had jurisdiction over the sidewalks on Carlos and Tamarind.

Good morning, Mr. Dundas.

Attached is an updated priority list for CD13 reflecting the changes contained in the emails I sent you just prior to sending this. I can't be sure where CD13.2017.03.25.a ought to be placed as I have no way of knowing what CD13 is working on right now. I placed it just after the first one on the list, but I trust that you will adjust it if that's not the right place for it.

Thanks,

You'd think the city would enforce better clean up efforts. They are littering and dumping garbage in plain sight.

The trash and debris we've seen and moved down the streets for the Truck to clean up are still here, and it's now past 3 pm.

LAPD have been here for the last hour, and have visited almost daily, and I just want to say that even though the overall situation is still TERRIBLE and often unbearable, and something more permanent needs to be done, I do feel the renewed police presence here has kept the street from descending into complete chaos/full-blown encampment. More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Let's just discuss this proposal among ourselves.
On another note, does anybody know if our street cleaning schedule has been changed? It's supposed to be every Monday, 8:00 am to 10 am? We've observed for the past several weeks now, the Cleaning Truck hasn't come by...

The trash and debris we've seen and moved down the streets for the Truck to clean up are still here, and it's now past 3 pm.

I want them to take this dead seriously, because someone is going to be seriously dead if they continue ignoring it.

You said you've talked to Dan Halden about the crisis here in our area. What was exactly done by him and his team on the day they came?

LAPD have been here for the last hour, and have visited almost daily, and I just want to say that even though the overall situation is still TERRIBLE and often unbearable, and something more permanent needs to be done, I do feel the renewed police presence here has kept the street from descending into complete chaos/full-blown encampment. More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Neighbors,

I was on your street earlier today with multiple LAPD officers and Sanitation personnel responding to the situation on both Carlos Ave and Tamarind Ave. Obviously the issue persists, but there was significant action taken today. Speaking for our office, we will continue to marshal any available resource and tool we have to help bring relief. This is not being ignored by anyone, despite the fact that the challenges remain.

Regarding Caltrans -- LAPD and I observed that the fence on Carlos, east of the apartment buildings, has been damaged; I will submit this to Caltrans ASAP so it can be addressed.

Jennifer,

I have heard back from LADWP bright and early this morning. The work site on Gower Street is a water service enlargement. Work should be completed in 1-2 weeks.

Last week, an LADWP crew reset the site, including sweeping the area and re-positioning the barricades and cones.

Thank you,

More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

Please provide us with exactly what you need to take meaningful action to remove from the street those individuals whom are actually dangerous. Do you need recorded audio and video? Do you just need some pictures and individuals willing to participate in a lineup? Do you just need sworn affidavits? Perhaps notarized?

It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please provide us with exactly what you need to take meaningful action to remove from the street those individuals whom are actually dangerous. Do you need recorded audio and video? Do you just need some pictures and individuals willing to participate in a lineup? Do you just need sworn affidavits? Perhaps notarized?

Hi Adrian,

Thanks for letting me know. I know that The Rookie is also using Van Ness south of Lemon Grove on similar dates but is using the red curb.

For this - I'm concerned about Gower. Going all the way down to Willoughby will mean Gower is basically off limits for residents to park for two whole days, since Grace and Frankie is in. CD13 request is to find an alternative to Gower. Is there anywhere on Santa Monica Blvd they can use?

Also if it's just 3/26 and 3/27 The signs should specify that it is for Monday and Tuesday only. Otherwise people will get confused and upset.

Please advise. Thanks!

Hello Dan,

I was involved in a citizen flag-down call around 11 am and could not make the conference call. If there's any change to next week clean up, please let me know. As for now, HOPE is set to come to Hollywood next Tuesday. As for this week, the HOPE team has a new assignment for Tuesday and Wednesday due to President Trump arriving in LA.

Best regards,
Sergeant Maxwell

Hi Dan,

I wanted to alert you of some full street closure requests and gunfire activity for filming of a TV pilot in the Hollywood area on Monday March 3/26.

Production is requesting full closures of the following streets for a stunt chase scene.

* FULL STREET CLOSURE OF WILCOX ST., YUCCA ST - HOLLYWOOD BLVD

3/26 0530-2200 HOURS.

* FULL STREET CLOSURE OF YUCCA ST., VINE ST - CAHUENGA BLVD.

3/26- 0900-1500 HOURS ONLY. During non-rush.

* FULL STREET CLOSURE IVAR AVE., YUCCA ST- NORTH TO THE END

3/26 0530-2200 HOURS.

Production will also have ¼ load exterior automatic gunfire activity within those street closures within normal hours 7am to 10pm.

Please let me know if you have any questions or concerns regarding these full street closures or gunfire activity. Production is currently conducting a community survey to mitigate and address all community concerns regarding this activity. These street closures have also been vetted with LADOT and is based on their recommendations as well.

Thanks,

Hi Dan,

I did warned production about Lost & Found. I will alert them of these other businesses and residents.

I believe production will need the closures starting before 9am for Wilcox and Ivar, the Yucca St closure which is listed a major/secondary hwy will be closed from 9am to 3pm, during non-rush only.

I will alert them of your concerns with making sure residents will be able to get out for work in the morning on Wilcox and Ivar and see how they plan on addressing them.

I've also attached the closure plans for visuals on those closure. The Wilcox closure will only be from Hollywood Blvd north to an alley way, leaving the larger residential properties open to exit onto Yucca.

Closing these streets all day on a Monday is likely going to have impacts for lots of people especially for a neighborhood that recently experienced the Oscars, this weekend's Marathon, etc. At minimum our recommendation would be that there should not be any impacts until 9am (after morning rush hour) so people have a chance to get to work.

Hi Adrian,

Thanks for the info. There are lots of residents, businesses, and a school (AMDA) in this area. Why do they need three blocks fully closed? Is it all for filming or does it include base camp?

(For base camp, they should look at renting a surface parking lot in the area.)

Yeah...
Donna said she got another request - this time from Sony - to close Hollywood and she said she turned them away.

I told her that before even asking make sure that the stakeholders are even OK with it...

Subject: From Supervisor Kuehl's Office- SAVE THE DATE 3/7/18

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

Save The Date

West/Metro Field Office Deputies Meeting
Wednesday, March 7, 2018
12:00-1:30pm
Greystone Mansion, Beverly Hills

$10 cash for lunch (lunch options to come with invitation)

Hope to see you all there, please **DO NOT** reply all!!

Best,

Thanks... Please make sure that at least the following entities are outreached to:

-AMDA
-Lost & Found (store on Yucca)
-Knickerbocker
-restaurants/businesses on Yucca b/w Ivar and Cahuenga
-multiple residential properties

Closing these streets all day on a Monday is likely going to have impacts for lots of people especially for a neighborhood that recently experienced the Oscars, this weekend's Marathon, etc. At minimum our recommendation would be that there should not be any impacts until 9am (after morning rush hour) so people have a chance to get to work.

Hi Adrian,

Thanks for the info. There are lots of residents, businesses, and a school (AMDA) in this area. Why do they need three blocks fully closed? Is it all for filming or does it include base camp?

(For base camp, they should look at renting a surface parking lot in the area.)

Hi Dan,

I wanted to alert you of some full street closure requests and gunfire activity for filming of a TV pilot in the Hollywood area on Monday March 3/26.

Production is requesting full closures of the following streets for a stunt chase scene.

- FULL STREET CLOSURE OF WILCOX ST., YUCCA ST - HOLLYWOOD BLVD

3/26 0530-2200 HOURS

- FULL STREET CLOSURE OF YUCCA ST., VINE ST - CAHUENGA BLVD.

3/26 0900-1500 HOURS ONLY. During non-rush.

- FULL STREET CLOSURE IVAR AVE., YUCCA ST- NORTH TO THE END

3/26 0530-2200 HOURS

Production will also have ¼ load exterior automatic gunfire activity within those street closures within normal hours 7am to 10pm.

Please let me know if you have any questions or concerns regarding these full street closures or gunfire activity. Production is currently conducting a community survey to mitigate and address all community concerns regarding this activity. These street closures have also been vetted with LADOT and is based on their recommendations as well.

Thanks,

Adrian Fayad

Forgot to add one:

-Lodi Pl/Santa Monica Blvd

This should be more of a location for CORE Team and regular monitoring by SLOs/Hollywood Division. HOPE Team and Sgt. Maxwell, per our conversation just now, please focus on those three **bolded** areas when you are in Hollywood this week.

Thank you all for your continued efforts. Please consider this email my latest update regarding priority locations.

HOPE Team, please visit all three **bolded sites** when you are in the area next week, as well as as many other locations as you are able to manage.

CORE Team, I'm not sure how many sites you can make it to in a regular day, but I am requesting that the three **bolded sites** are daily visits on a regular basis.

The other areas are priorities as well but the three sites in bold are the top of the list right now in terms of my own observations and feedback from constituents.

1. **Carlos Ave/Tamarind Ave**
2. **Fernwood Ave b/w Western Ave and St. Andrews Pl**
3. **Willoughby Ave/Gower Ave**
4. Waring Ave b/w Gower St and El Centro Ave
5. Camerford Ave/Gower St
6. Romaine St/Gower Ave

Hi Dan,

I am finally back from vacation and back at work....

That email string from Carlos and Tamarind is impressive....

We conducted a clean-up this morning with HOPE. There was one arrest made.
The trash on Tamarind was cleaned up and the tents on Carlos were all rolled up in compliance with 56.11.
We also impounded one vehicle that was inoperable and unregistered.

LAHSA was present and offered services to the homeless in the area.

I am sure we will be in touch in the coming days...

Cheers,
Shannon

Hi everyone,

Thank you for your continued work on this issue. I wanted to provide this update regarding the situation on the 5900-6000 blocks of Carlos Avenue and the 1700 block of Tamarind Avenue (cul-de-sac). There is a long thread of emails below from residents on Tamarind Avenue. I apologize for its length. But I wanted to make sure I forwarded this to you to get a sense of what's been occurring at Carlos/Tamarind Avenues.

There are multiple reports regarding recurring public safety issues including: burglary, vandalism, defecation, drugs, drinking in public, etc.

I have been in touch with the HOPE and CORE Teams and I know this location has been placed as the Top Priority of the moment. Please ensure that this location continues to get maximum attention. I am requesting:

1. Daily CORE Team attention
2. Weekly HOPE Team attention
3. Nightly After-Hours Patrol

I am certainly open to whatever additional strategies can or should be employed; please just let me know.

As always, your help is truly appreciated.

Thank you,

I noticed someone earlier in the email thread mentioned a call to LAPD and I'm guessing the earlier call they're referring to came from me.

Yesterday I had to park my car in front of the tents on Tamarind off of Carlos Ave due to there being no other parking spaces in the area. Later, I noticed there was an open space so I went to move my car. I noticed there was a group of people socializing right in front of the tents (so right behind my car). As I was approaching my car, a glass bottle was thrown in my direction. Luckily, it didn't hit me but I thought it was negligent. I was obviously walking to my car when the bottle was thrown. This happened at 9 pm and it appeared the group was already drinking, and I didn't want a worse situation to happen later in the night so I called the non emergency LAPD number. They said they'd send someone out. I was detailed in the area where the group was so I find it strange that they claimed they couldn't find anyone.

Dear Mayor Garcetti, and City Council and Daniel Halden, Hollywood Field Deputy,

There are many abandoned hospitals, buildings and properties where our homeless population can be placed, according to their problems and a state of mind.

Some of them have serious mental issues, some are there because of addictions but some need just a little help to get back on their feet. Whatever state they are - they need help.
Cleaning the issues, educating them and helping them to get jobs is the way to go.

It is sad to see what our city became to be. Instead of city of Angels, we should call it - city of tents.
On these properties they should grow their own vegetables etc. and as mentioned - earn their food and lodging, as we all do. Learn how this society functions and make them slowly a positive part of it.
Some will be extremely grateful for getting their lives back but some will probably never get there. Nevertheless, we need to help, protect and take care of everyone.

Thank You for looking after all of us. Please let us know how can we assist you in doing so. Something needs to be done very soon, not months from now, but NOW.

Very well thought-of ideas Larry. We know our officials have been brainstorming solutions to this growing homelessness problem in the City and elsewhere in the county, and are waiting for the budget to fund the necessary services and programs. And we are trying to understand that this will take months or even years to implement. This is where your ideas come in—in the long-term.
In the meantime, we are asking for some stop-gap measures to give our dire situation here an immediate solution—for the safety of our residents. A temporary relocation of these people to an empty City property where they could put up a

temporary tent city while waiting for the long-term housing solutions. Our residential streets here at Tamarind and Carlos Avenues cannot be a staging place while waiting for the budget. It is just too dangerous and unhealthy for our residents.

Dear Sir,

I am writing to you concerning the mounting problem of homeless tent people on Tamarind Ave. as well as the rest of Los Angeles and even the whole of America:

This letter is not a complaint but a solution. If you and Mr. O'Ferrell have further political ambitions this could well be your stepping stone.

Throughout the U.S. there are many abandoned military bases that I am assuming still have all of their utilities in place and functional. We could take our homeless, legal American citizens, there and give them a second chance at life. We in California are so concerned about aiding and abetting illegal aliens that we are forgetting our own, especially the war veterans that so gallantly fought to give you and I the freedom to act.

This would be a very costly program in the beginning but would eventually, unlike most if not all government programs, could pay for itself in the long run.

On these bases are large buildings or even in some cases hangers that could be converted into work places. The government could offer free rent to any company that would set up a business in one of these structures. For example sewing machines to make clothes or assembly plants for electronics, toys, shoes, whatever, I am sure you get the picture.

I suggest these companies could hire these people for five dollars an hour, I know that is below minimum wages, but, keep in mind these people would be getting **free** lodging, food, schooling and medical. Their hourly wage could go for clothing or more importantly, savings so that they can earn enough to get a new start on life.

These people could go to night school and learn a trade.

This could solve our homeless problem, but more importantly, would give true Americans their dignity back.

I have more ideas on how to streamline this solution. You now have my email address and here is my phone number.

Sincerely yours,

Larry LaVerne

One of the tenants in our building with a balcony also reported the same thing happening yesterday, Wednesday, 28th of February, people yelling, shouting profanities and passing on a bottle of liquor (disguised as not alcohol because it's inside a juice bottle) to each of one of them, for practically the whole afternoon in the middle of Tamarind Street. The neighbor said they seemed not only intoxicated but definitely high on drugs. Why can't the cops do something about public intoxication and blatant use of drugs out in the open?

I've just called the LAPD to make a noise complaint about the campers street-party that has been going on outside our Tamarind apartments for pretty much the whole day. They started the music on the speaker at around 8am this morning and it's now 10pm - they only stopped briefly this afternoon when some workers came to cut cement right next to them (for once I was grateful for the sound of a cement cutter).
The LAPD said they'd already sent someone out but they couldn't find them apparently??, so I guess another resident or several have already made the same complaint. I think we have to just keep calling the police over every incident so these campers realize they don't own this street. Such a sad waste of city resources. Usually I'd never bother the police with this stuff but it's getting out of hand out there.
So you can add that to the list of complaints/events happening in Tamarind/Carlos:
March 01, loud music/bongs/drinking that has gone on for the whole day in a public street, and has now turned into an open-air street party with 12-15 people yelling drunkenly, whooping, moshing, dropping bottles in the street until after 10pm right outside our homes. Not to mention they have TRASHED the street again... it's such a mess out there.

Hi All,

I took the following 3 pictures at around 4:30 today.

My license plates were stolen 3 days ago. So, for the past 3 nights, I have been parking my truck NOT in my parking spot - but in the streets about a quarter mile away in fear of getting it vandalized. I broke my femur in December and I can't walk straight. I have a cane. But I have to walk 10 to 15 minutes to walk to my car to make sure it's safe.

Enforcing the law is not that hard. It is enforced everyday on us (good citizens who don't yell back and give attitude). When I speak to police officers who patrol the streets, they tell me "We are not allowed to address this. We have a special unit for these people. Why?

So if I'm a good citizen and decide to steal, I can get arrested -

but if I'm in a tent, I cannot? I'm ABOVE the law? The "regular" police cannot deal with me?

Dan, please discuss this with your team. This needs to be addressed.

Have a great night and god bless.

Someone one in this feed posted a picture of car getting a ticket for double parking (of course because all the parking spots are taken by cars/camping with out of state license plates) and in the background there are tents everywhere on the sidewalks. With that being said, the City was certainly able to enforce and give someone a ticket for double parking. Double parking because all spots are taken by folks that do not live on Carlos or Tamarind.

Hi Everyone,

My name is Gil Maclang and I was given the honor of being the point man or key person for the parking permit project we are working on in coordination with the office of Councilmember O'Farrell represented by Mr. Dan Halden. I was just on the phone with Dan and we discussed a long list of issues affecting our neighborhood, the frustration that they themselves felt for us and the obstacles they face in resolving the problem we are facing. They have taken the initial step of removing those tents along Carlos Avenue and Tamarind Avenue although according to the latest update I received, some people are still there and that a long line of clothes can be seen left to dry on the steel fence along Tamarind Ave.

Anyway, regarding the parking permit zone, Dan mentioned two options available to us, one is called Preferential Parking which will cost $34/year per vehicle and this will restrict parking to vehicles with valid-issued stickers only from say 8pm-6am. The other option costs $15 per vehicle but parking will be restricted between the hours of 2am and 6am only. The zone will include Tamarind Avenue (from Carlos Avenue to 101 freeway) and Carlos Avenue (from Tamarind Avenue to Bronson Avenue).

Portion of Carlos Avenue from Tamarind Avenue to La Baig Avenue can be made a no-parking zone from say 11pm to 6am but this will be applied for separately there being no residents along this portion of the road. We are probably talking about 10 parking spaces we will give up during the night in exchange for not having campers or transients' vans parked next to their tents, if any.

Preferential Parking is recommended but we will accept all inputs from residents of the three buildings on Tamarind and Carlos Avenues before making a final decision on the subject. This project will require signatures of 75% of residents in the three buildings mentioned. I can obtain the required signatures from the two buildings at 1762 Tamarind Avenue and 5919 Carlos Avenue. I need a contact person from 1756 Tamarind Avenue who can gather the required signatures from that building. I hope to hear from a volunteer or someone the residents can recommend. Thank you.

I certainly believe that if we give this project the full support it needs, we will be resolving multiple issues confronting us.

Thank you and I hope to hear your thoughts on this.

Dear Mayor Garcetti, and City Council,
I am one of many parents that is very concerned about the situation that has been growing worse and worse right next to the preschool our children attend at HOLLYWOOD PRESBYTERIAN

CHILDREN'S CENTER._

We had a very close call a few weeks back when preschoolers were crossing the street for a fun-filled day of our annual "snow day" in the adjacent parking lot across from the school. I was one of many volunteer parents helping out that day when a situation was getting out of hand with some apparent homeless campers and a person driving in a car later described to the police as trying to run over some of the people at that encampment. I don't know exactly what the reason was, but the car came down the block seconds before the children crossed the street. Two of the people of suspect confronted by the person in the car was very high on drugs as I witnessed. The situation was getting bad with people yelling profanity and getting violent. Once the police arrived the person driving the car drove away. This could have turned into a very bad situation with children crossing the street and a car trying to run people over.

This encampment is too close to the preschool as it is getting much worse and attracting more of the wrong crowd one would want near a preschool.

I hope you will do something about it immediately for the safety of our children, parents, and the surrounding neighborhood.

Sincerely,

Douglas Morganstern

CORE Team, I'm not sure how many sites you can make it to in a regular day, but I am requesting that the three **bolded sites** are daily visits on a regular basis.

The other areas are priorities as well but the three sites in bold are the top of the list right now in terms of my own observations and feedback from constituents.

1. **Carlos Ave/Tamarind Ave**
2. **Fernwood Ave b/w Western Ave and St. Andrews Pl**
3. **Willoughby Ave/Gower Ave**
4. Waring Ave b/w Gower St and El Centro Ave
5. Camerford Ave/Gower St
6. Romaine St/Gower Ave
7. Cahuenga Bl/Romaine St
8. Lillian Way/Eleanor Ave
9. Vine St/Waring Ave
10. Hollywood Bl/Gower St (bus stop)
11. Leland Way b/w El Centro Ave and Vine St

Thank you all for your help.

Best,

Dan,

Great seeing you at the Lambda Legal event.

I hope you and the Council Member can join us!

Project Angel Food invites you and a guest to attend our **3rd Annual Circle of Angels Garden Party** on **Sunday, March 25, 2018 from 4pm -7pm** featuring Broadway Legend Jennifer Holliday! Last year's event was attended by 250 loyal **Project Angel Food** supporters and raised over $115,000 – providing 25,000 life-saving meals for men, women and children living with critical illness.

Project Angel Food prepares and delivers healthy meals to feed people impacted by serious illness, bringing comfort and hope every day. We envision a world where every sick person is fed, nourished and loved.

Please RSVP to Brent Webster, Special Events Manager at bwebster@angelfood.org or 323-845-1800 x 245. To make your donation early click here.

CD13.2016.07.29.a
CD13.2016.07.30.c - N/A - no documents
CD13.2016.08.29.c
CD13.2016.08.30.a
CD13.2016.09.25.a
CD13.2016.09.27.b - N/A - according to my files, I believe we already provided these
CD13.2016.09.29.a
CD13.2016.10.02.a
CD13.2016.10.02.c
CD13.2016.10.13.d
CD13.2016.10.13.e
CD13.2016.11.02.a

We may also be adding more to the pile; if so, I will let you know ASAP.

Good morning, Mr. Dundas.

Attached is an updated priority list for CD13 reflecting the changes contained in the emails I sent you just prior to sending this. I can't be sure where CD13.2017.03.25.a ought to be placed as I have no way of knowing what CD13 is working on right now. I placed it just after the first one on the list, but I trust that you will adjust it if that's not the right place for it.

Thanks,

Adrian

Dear Friends,

We are quickly approaching our meeting date and wanted to share a final agenda, lunch menu and parking logistics with you. **Please ACCEPT/DECLINE** the calendar invite as soon as possible so that we can get an accurate count for lunch. Some of you have already done this, so appreciated!

Lunch:

Please make sure to bring $10 cash the day of, or you can venmo me on 3/7 @stephco49.

If you are NOT having lunch with us, please email me separately and let me know ASAP!! If you do not email me and let me know that you will not be eating, you will be responsible for the $10 payment.

Parking:

Parking is accessible from 905 Loma Vista Drive. You should follow the park road to the top, where it empties into a large parking lot. There will be signage and a staff person to help direct you to the Mansion Living Room.

Agenda:

Each office should select 1 representative to give a brief 2-3 minute office/district update. See agenda.

Lunch menu, agenda and parking maps are attached. Let me know if you have questions or concerns.

Best,

Stephanie

Subject: From Supervisor Kuehl's Office- SAVE THE DATE 3/7/18
Importance: High

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

Hi everyone,

Good seeing some of you today. Please excuse the mass email, but I'm about to leave the office until Tuesday and I wanted to try to get everyone on the same page here.

Please see attached for photos of a few areas we've been getting a lot of correspondence about lately:

-Willoughby Ave b/w Gower and El Centro
-Waring Ave b/w Gower and El Centro

-Fernwood Ave b/w Western and St. Andrews (a ways away from the other two)

The issues at these locations are very similar, as in most areas:

- sidewalk blockage (so pronounced on Waring and Fernwood that a constituent reported they cannot exit their vehicles)
- urination (reportedly someone on Waring urinated ON a pedestrian)
- feces
- drug use

It would be ideal to coordinate outreach with appropriate enforcement measures. Hopefully some folks are already being engaged; in the meantime, I must report the above issues to LAPD's attention but also include our service providers. We are getting urgent calls for assistance.

As I mentioned, I will be out of the office until Tuesday. In the meantime, please deploy collective resources however you are able. It is much appreciated.

Thank you all for your work and partnership.

Hi Tim,

At 1002 N Hudson Ave -- NE corner of Romaine/Hudson in Hollywood -- there was an application last year for removal of ONE tree, and I believe that has since been removed.

However, on the Romaine side of the property -- 6515 Romaine St-- a constituent reports that there were FIVE trees removed last year. I can't find any permits or information on that. Do you have any such records for tree removal at this location?

Here it is on Google Maps:
https://www.google.com/maps/@34.0889054,-118.3321687,3a,75y,58.99h,95.71t/data=!3m6!1e1!3m4!1sxvwvACwC9wIa-DB2JbbKMw!2e0!7i13312!8i6656

What can be done if it is discovered that the trees were removed without a permit?

Also, what is the process for the 2-to-1 replacement -- does UFD monitor the re-planting?

Thanks,

Dan Halden

Thanks for your response . As for the trees last year that hacked the 5 trees on corner of Hudson and romaine and then were told they need to remove because their training job was so bad . Then just last week have removed the remaining 100 yr old tree in Hudson . Why is this happening . There are only how 2 trees left on a three block radius . I am

Not sure who approves these things and why this is allowed to go on . It would be nice to have tree in our neighbor amongst this concrete world we live in .

As for the property adjacent to me . I am on 1032 Hudson and that property is on Wilcox so it has to be near my number . I would have to check exact number . There's is a parking lot directly behind. Y property and right next Store a small apt building which is vacated now . If they build like they are doing all over this area with monster condos I will have no privacy whatso ever will new construction towering into my backyard .

Hi Mr. Murphy,

In general, if more than 2 trees are being removed, public notice and Board of Public Works approval is required, along with replacement of the trees at a 2:1 ratio.

Mr. Murphy, can you please specify the addresses/block number on Wilcox?

Contacts_West Metro Representatives Meeting.pdf

Dear Friends:
Thank you so much for attending yesterday's meeting at Greystone Mansion. I have received some really positive feedback, and aside from a few smaller issues, I think it went really well! I have placed holds on your calendars for the next two meetings of the year and will be in touch as soon as we have finalized locations and subject matter.

Attached the contact list that we handed out just for your records. Please keep us posted on staffing changes within your offices so that we can keep the most up-to-date list.

Best,
Stephanie

Subject: Follow Up from Meeting Betw CD13 & BSS

Good morning Marisol,
I hope that your day is off to a great start!

During last week's meeting with Stephanie an I, you and your staff had some questions regarding the Bureau's policies and practices. Please see below for a list of the questions and our responses to each of them.

1) What is the Council File associated w/ Budget Request #29?
The council file associated with Budget Request #29 is CF# 15-1449

2) What are the responsibilities of David Rivera and Elvin Galindo, newly hired Asst Chief (Investigations & Enforcement Division)?
Assistant Chief - Elvin Galindo manages district operations. There are 24 enforcement districts, one investigator assigned to each. His primary role is to respond to complaints and resolve quality of life issues related to the public right-of-way.

Assistant Chief - David Rivera manages all special operations which included Mesure M project permitting and regulating, special events, professional standard (internal affairs), overload commercial vehicle enforcement, illegal vending enforcement, illegal dumping enforcement, civil claims investigations, records request management, newsracks and newsstand permitting and special investigations or task force operations.

Additionally, David oversees our administrative/clerical section.

3) Explain Design of Bikeways and what kinds of projects we do with funding relating to Budget Request #23?

Design of bikeways and pedestrian facilities primarily work the design, project management, and construction management of the City's off-street bike paths. This includes the LA River Bikepath projects, San Fernando Road Bikepath projects, and certain atypical bike lane projects that require significant civil engineering design to widen the roadway to accommodate new bike lanes.

4) What are Pedestrian Facilities
A pedestrian facility is one that pedestrians can use, such as sidewalks, curb ramps, off-street pedestrian paths, and the redesign of driveways to be ADA accessible.

5) How do we determine which Council District a median belongs in when it runs across two districts
Medians are assigned to the district which bears the majority of the area.

6) Provide a cost estimate for planting cactuses/thorny plants in medians
BSS does not permit the planting of thorny plants that can pierce the skin and cause injury in medians easily accessible by the public.

Thank you for your patience, V.

Subject: CD13 Response to CPRA Request 1/26/18

Dear Jennifer,

This letter is in response to your request received by Council District 13 seeking records pertaining to all records related to Temporary No Parking signs/permits in the Hollywood Studio District for the past six months, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before February 19, 2018.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Who can verify which, if any, of these Temp No Parking signs are actually valid?
Do you have a phone number for the specific department that can answer this question?
These 3 signs are all at one address:
1. Temporary No Parking AnytIme
2. Temporary No Parking Thursday and Friday 6:30am-4pm
3. Temporary No Parking 6 am- 6pm except Sunday

LAPD partners:
Please see below the schedule for this Wednesday's (2/7/18) CSI Day in Hollywood Division.

1. Carlos Ave (Armen's area)
2. Waring/Vine (Eddie)
3. Gower/Romaine (Eddie)
4. Leland/El Centro (Cesar)
5. Hollywood/Gower (Armen)

I'm CC'ing Bladimir Campos with LASAN who will help coordinate.

Please make sure that the appropriate SLOs and other necessary officers are available and that everyone has each other's contact information.

Additionally, Sgt. Maxwell - since the CSI Day next week is Wednesday, can OWB HOPE come to Hollywood on Thursday instead?

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

"Almost one week to the date of our LAPD meeting it appears as though
their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Dear Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Homeless Encampments @ Carlos Tamarind No End in Sight?

Mayor Garcetti, Council Member O'Farrell, Field Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know

what to expect from you next? A more positive one this time please...WE TRUST AND HOPE!

Mayor, Council Member, Field Deputy, may we hear from you? DON'T IGNORE THIS LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

LAPD partners:

Please see below the schedule for this Wednesday's (2/7/18) CSI Day in Hollywood Division.

1. Carlos Ave (Armen's area)
2. Waring/Vine (Eddie)
3. Gower/Romaine (Eddie)
4. Leland/El Centro (Cesar)
5. Hollywood/Gower (Armen)

I'm CC'ing Bladimir Campos with LASAN who will help coordinate.

Please make sure that the appropriate SLOs and other necessary officers are available and that everyone has each other's contact information.

Additionally, Sgt. Maxwell - since the CSI Day next week is Wednesday, can OWB HOPE come to Hollywood on Thursday instead?

Thanks!

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE,** and **LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Thank you for all your hard work. This is amazing. The neighbors around the park are very thankful. Special Thanks to Councilman Mitch O'Farrell for being a True Leader and not accepting anything but "Yes we can".

Hi Everyone,
I wanted to give everyone an update on our previous encampments. I am so grateful for everyone's work. LAPD and our Rangers were hard at work as of Jan 3 to meet the Councilman's Feb 1, 2018 hard deadline. The perimeter has been like this for 3 1/2 weeks with one or two tents that may pop up on occasion. The second we see the tent we notify LAPD and Rangers who then go to work. I can't thank Albert Torres and Officer Corona enough. We continue to meet and communicate several times a week. Their presence at Hollywood is frequent! The work has been done and the support is there.

Also, the work to the fence around the pool has been completed! We met with a side committee to tackle that project. Rec and Parks worked with our maintenance department and contractors to complete the job.

We are waiting for any addition information regarding the fence on Cole Ave and the camera system attached to the Rec building.

I can whole hardheartedly report that I've had several encounters with ecstatic families and kids who are returning to the park. One parent in particular who lives a few blocks north east was forced to travel to Poinsettia RC to play winter basketball. Yesterday, she signed her child up for Piano and baseball clinics and thanked us all for what we did. She said it was scary coming to Hollywood RC and seeing all the tents around the park surrounded by homeless. She is happy to return to her park.

Please see the attached pictures.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE,** and **LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

BUREAU OF ENGINEERING

TELEPHONE DIRECTORY INFORMATION

HOW CITY DEPARTMENTS CAN ACCESS TELEPHONE DIRECTORIES ONLINE

Employees who are connected to the City's network can access the telephone directories on-line by using the Cityfone Intranet site. In the address field of your web browser, simply type Cityfone and press [Enter] (do not type http:// or.com). Cityfone can also be reached from the InsideLA Intranet site. The Cityfone start page has file tabs representing each of the various directories: Employee, Department, Service, etc. Click the file tab for the directory you want. All the available options for the selected directory will be listed underneath the file tab, click the option you are interested in. For employees with a secure-ID token, the complete Cityfone Intranet site can be reached from the Internet at **insidela.lacity.org** using your regular Internet service provider. The directories can be searched, printed and downloaded in several useful ways.

HOW TO OBTAIN PRINTED DIRECTORIES FROM CITYFONE

The Employee, Department and Service file tabs on the Cityfone Intranet site each have a "download" option. The PDF format files found there are print-ready. In fact, they are the same files that are sent to GSD every month for printing. We suggest duplex printing as the directories contain several hundred pages.

HOW TO SELF-UPDATE DIRECTORY INFORMATION

This option is only available to employees that can access the City's Intranet sites with their web browser.

(1) Go to the Cityfone Intranet site.

In the address field of your web browser, simply type Cityfone and press [Enter] (do not type (http:// or .com). Cityfone can also be reached from the InsideLA Intranet site.

(2) Select the Employee Self-Update feature.

Click the Employee file tab. Then click the Self-Update option. It is underneath and to the right of the file tab.

(3) Type your employee ID and birth date.

This is necessary to authenticate you to the system

(4) Correct your information as required.

Work phone, location and mail stop is required. Nickname is often helpful and will be printed in the book instead of your first name. Make sure, you press the Update button when you are done!

NOTIFY YOUR CITYFONE DEPARTMENT ADMINISTRATOR

You should notify the Cityfone Administrator, Karen Cundiff at karen.cundiff@lacity.org or call 213 485-5084, if you are unable to take advantage of the Self-Update feature.

HOW THE PUBLIC CAN ACCESS TELEPHONE DIRECTORIES ONLINE

An abbreviated version of Cityfone is available to the public on the City's Internet site at http://www.lacity.org. This site has features to search and print the Department Directory. The Employee Alpha Listing is not available to the public.

DIALING INSTRUCTIONS FOR CITY PHONES

Dialing the right way saves time and money!

To use 5-digit dialing:

- Dial the last 5 digits of the number you wish to call, for example to dial (213) 485-1234 just dial 51234.

Dial 0, 311 or 9-311 for City Hall operators

For long distance calls from City's PBX locations:

- Dial 9 + 1 + (area code +7 digits phone number) e.g. 9-1-212-123-4567

An authorization code (Telcode) will be required to complete all long distance calls.

When you are calling another City number, always try dialing the last 5 digits first, if it does not work, then try to dial 9 plus 1 plus the area code and the seven digits phone number regardless of the area code that you are calling from and calling to.

Examples and locations:
Dial 2XXXX (5 digits dialing) for:
(213) 202-XXXX Figueroa Plaza

FYI, everyone, I called in sick, and we'll have several staff members attending the state of Hollywood event, so anyone available please support Steve as best ya can.

I will do some work from home and will be reachable any time.

FYI, Jonathan/River Clean Team is on vacation.
Adrian and 5 Team Members are currently working on a number of sites in Echo Park.

Thank you,

Hello all,

Getting lots of calls/emails about this one as it is adjacent to a preschool.

At minimum, please ensure that 6am rule is being enforced as well as sidewalk blockage.

Adrian - please address with HOPE during your next visit.

Thank you, as always, for your help.

Subject: Homeless encampment
To: councilmember.ofarrell@lacity.org, daniel.halden@lacity.org

Hello,
I am a business owner at 1017 Cole Ave. We service the high end movie industry, often hosting feature film directors and producers at our studio, our main client is Sony Pictures.

There is a large homeless encampment taking up the sidewalk adjacent to The Sunshine Preschool. This homeless encampment not only brings the safety and business value of the area down, but is also an endangerment to the physical and health safety of the children attending the school. Our clients do not feel safe walking the sidewalk to our office. We put the responsibility for creating a safe and welcoming business environment on the City, as we contribute vigorously to the tax base of this district.

I did a short walk thru video of the area to show you the proximity of the encampment to the school. I urge you to please watch this and take action. https://youtu.be/UDofZQ5J9-Y

Subject: [REMINDER - PLEASE RSVP] Meeting to Discuss Hollywood Recreation Center Issues

Good morning, all:

Happy New Year! I hope everyone had an enjoyable holiday season.

I wanted to send a friendly reminder regarding tomorrow's (Wednesday 1/3/18 - 9AM) meeting to discuss issues at and around the Hollywood Recreation Center. This is an "all hands on deck" meeting and will take place at the Rec Center itself - 1122 Cole Avenue. We need attendance from the following entities:

CD13
LAPD - Hollywood Division
LAPD - OWB HOPE
RAP - Rec Center management
RAP - Maintenance/Operations
RAP - Park Rangers
LAHSA
E6 Outreach Team
LGBT Center

Please RSVP if you have not already done so, or feel free to reach out to me if you have any questions. I look forward to seeing you tomorrow (Wed 1/3) at 9:00 AM, at the Rec Center.

Many thanks!
Dan

Meeting to Discuss Hollywood Recreation Center Issues

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

Dear Friends,

We are quickly approaching our meeting date and wanted to share a final agenda, lunch menu and parking logistics with you. **Please ACCEPT/DECLINE** the calendar invite as soon as possible so that we can get an accurate count for lunch. Some of you have already done this, so appreciated!

Lunch:
Please make sure to bring $10 cash the day of, or you can venmo me on 3/7 @stephco49.
If you are NOT having lunch with us, please email me separately and let me know ASAP!! If you do not email me and let me know that you will not be eating, you will be responsible for the $10 payment.

Parking:
Parking is accessible from 905 Loma Vista Drive. You should follow the park road to the top, where it empties into a large parking

lot. There will be signage and a staff person to help direct you to the Mansion Living Room.

Agenda:
Each office should select 1 representative to give a brief 2-3 minute office/district update. See agenda.

Lunch menu, agenda and parking maps are attached. Let me know if you have questions or concerns.

Best,
Stephanie

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

Hi Dan,

I did warned production about Lost & Found. I will alert them of these other businesses and residents.

I believe production will need the closures starting before 9am for Wilcox and Ivar, the Yucca St closure which is listed a major/secondary hwy will be closed from 9am to 3pm, during non-rush only.

I will alert them of your concerns with making sure residents will be able to get out for work in the morning on Wilcox and Ivar and see how they plan on addressing them.

I've also attached the closure plans for visuals on those closure. The Wilcox closure will only be from Hollywood Blvd north to an alley way, leaving the larger residential properties open to exit onto Yucca.

Thanks... Please make sure that at least the following entities are outreached to:

-AMDA

-Lost & Found (store on Yucca)

-Knickerbocker

-restaurants/businesses on Yucca b/w Ivar and Cahuenga

-multiple residential properties

Closing these streets all day on a Monday is likely going to have impacts for lots of people especially for a neighborhood that recently experienced the Oscars, this weekend's Marathon, etc. At minimum our recommendation would be that there should not be any impacts until 9am (after morning rush hour) so people have a chance to get to work.

Hi Dan,

It's definitely all for filming, production is filming a car chase sequence with precision driving through those blocks.

I also did warn production that they may receive a lot of push back from the community regarding the closures, however they are prepared to mitigate the concerns that come up.

The closure on Wilcox will not occur concurrently with the closures on Ivar and Yucca.

Hi Adrian,

Thanks for the info. There are lots of residents, businesses, and a school (AMDA) in this area. Why do they need three blocks fully closed? Is it all for filming or does it include base camp?

(For base camp, they should look at renting a surface parking lot in the area.)

Hi Dan,

I wanted to alert you of some full street closure requests and gunfire activity for filming of a TV pilot in the Hollywood area on Monday March 3/26.

Production is requesting full closures of the following streets for a stunt chase scene.

* FULL STREET CLOSURE OF WILCOX ST., YUCCA ST - HOLLYWOOD BLVD

3/26 0530-2200 HOURS

* FULL STREET CLOSURE OF YUCCA ST., VINE ST - CAHUENGA BLVD.

3/26 0900-1500 HOURS ONLY During non-rush

* FULL STREET CLOSURE IVAR AVE., YUCCA ST- NORTH TO THE END

3/26 0530-2200 HOURS

Production will also have ¼ load exterior automatic gunfire activity within those street closures within normal hours 7am to 10pm.

Please let me know if you have any questions or concerns regarding these full street closures or gunfire activity. Production is currently conducting a community survey to mitigate and address all community concerns regarding this activity. These street closures have also been vetted with LADOT and is based on their recommendations as well.

Thanks,

Dear Friends,

We are quickly approaching our meeting date and wanted to share a final agenda, lunch menu and parking logistics with you. Please ACCEPT/DECLINE the calendar invite as soon as possible so that we can get an accurate count for lunch. Some of you have already done this, so appreciated!

Lunch:
Please make sure to bring $10 cash the day of, or you can venmo me on 3/7 @stephco49.
If you are NOT having lunch with us, please email me separately and let me know ASAP!! If you do not email me and let me know that you will not be eating, you will be responsible for the $10 payment.

Parking:
Parking is accessible from 905 Loma Vista Drive. You should follow the park road to the top, where it empties into a large parking lot.

There will be signage and a staff person to help direct you to the Mansion Living Room.

Agenda:
Each office should select 1 representative to give a brief 2-3 minute office/district update. See agenda.

Lunch menu, agenda and parking maps are attached. Let me know if you have questions or concerns.

Ivar Ave & Yucca St (closure) - Untitled Sony Project (Rev1).pdf

Hi Dan,

I did warned production about Lost & Found. I will alert them of these other businesses and residents.

I believe production will need the closures starting before 9am for Wilcox and Ivar, the Yucca St closure which is listed a major/secondary hwy will be closed from 9am to 3pm, during non-rush only.

I will alert them of your concerns with making sure residents will be able to get out for work in the morning on Wilcox and Ivar and see how they plan on addressing them.

I've also attached the closure plans for visuals on those closure. The Wilcox closure will only be from Hollywood Blvd north to an alley way, leaving the larger residential properties open to exit onto Yucca.

Thanks... Please make sure that at least the following entities are outreached to:

-AMDA
-Lost & Found (store on Yucca)
-Knickerbocker
-restaurants/businesses on Yucca b/w Ivar and Cahuenga
-multiple residential properties

Closing these streets all day on a Monday is likely going to have impacts for lots of people especially for a neighborhood that recently experienced the Oscars, this weekend's Marathon, etc. At minimum our recommendation would be that there should not be any impacts until 9am (after morning rush hour) so people have a chance to get to work.

Hi Dan,

It's definitely all for filming, production is filming a car chase sequence with precision driving through those blocks.

I also did warn production that they may receive a lot of push back from the community regarding the closures, however they are prepared to mitigate the concerns that come up.

The closure on Wilcox will not occur concurrently with the closures on Ivar and Yucca.

Hi Adrian,

Thanks for the info. There are lots of residents, businesses, and a school (AMDA) in this area. Why do they need three blocks fully closed? Is it all for filming or does it include base camp?

(For base camp, they should look at renting a surface parking lot in the area.)

Hi Dan,

I wanted to alert you of some full street closure requests and gunfire activity for filming of a TV pilot in the Hollywood area on Monday March 3/26.

Production is requesting full closures of the following streets for a stunt chase scene.

* FULL STREET CLOSURE OF WILCOX ST., YUCCA ST - HOLLYWOOD BLVD

3/26 0530-2200 HOURS

*   FULL STREET CLOSURE OF YUCCA ST., VINE ST - CAHUENGA BLVD.

3/26 0900-1500 HOURS ONLY. During non-rush

*   FULL STREET CLOSURE IVAR AVE., YUCCA ST- NORTH TO THE END

3/26 0530-2200 HOURS

Production will also have ¼ load exterior automatic gunfire activity within those street closures within normal hours 7am to 10pm.

Please let me know if you have any questions or concerns regarding these full street closures or gunfire activity. Production is currently conducting a community survey to mitigate and address all community concerns regarding this activity. These street closures have also been vetted with LADOT and is based on their recommendations as well.

Hi Everyone,
I wanted to give everyone an update on our previous encampments. I am so grateful for everyone's work. LAPD and our Rangers were hard at work as of Jan 3 to meet the Councilman's Feb 1, 2018 hard deadline. The perimeter has been like this for 3 1/2 weeks with one or two tents that may pop up on occasion. The second we see the tent we notify LAPD and Rangers who then go to work. I can't thank Albert Torres and Officer Corona enough. We continue to meet and communicate several times a week. Their presence at Hollywood is frequent! The work has been done and the support is there.

Also, the work to the fence around the pool has been completed! We met with a side committee to tackle that project. Rec and Parks worked with our maintenance department and contractors to complete the job.

We are waiting for any addition information regarding the fence on Cole Ave and the camera system attached to the Rec building.

I can whole hardheartedly report that I've had several encounters with ecstatic families and kids who are returning to the park. One parent in particular who lives a few blocks north east was forced to travel to Poinsettia RC to play winter basketball. Yesterday, she signed her child up for Piano and baseball clinics and thanked us all for what we did. She said it was scary coming to Hollywood RC and seeing all the tents around the park surrounded by homeless. She is happy to return to her park.

Please see the attached pictures.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE**, and **LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Dear Jennifer,

This letter is in response to your request received by Council District 13 seeking records pertaining to all records related to Temporary No Parking signs/permits in the Hollywood Studio District for the past six months, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before February 19, 2018.

Nick,

Can you help us out in Hollywood. There is apparently quite a bit of posting on streets in Hollywood, but no work has yet been done.

As you know, this really frustrates neighbors when the signs are up but there is no work happening. Do you know when the work will be done?

Also, can you please have your team flip the signs around, so that people can park in the interim?

Daniel,
Tamarind between Santa Monica and Lexington tall has no parking signs, as it has all week, even though there is no work going on there. If you don't know of any reason for the signs to be there, can you remove them? Why is the city stopping Residents of an entire block from parking on that entire block.
Also, the graffiti on the SLS at Beachwood and Lexington that you've known about since May is still there.
Thank you,
Jennifer Barbosa

Hi Phan,

FYI, in case anyone at any agency contacts you, CD13 HAS NOT signed off on ANY new temporary signage posting on Gower Street adjacent to Paramount Pictures.

I'm getting some feedback that some wires may have been crossed with a former colleague of mine.

Paramount is welcome to contact me to discuss any request, but they have yet to do so.

To reiterate - CD13 HAS NOT signed off on any requests for next week or thereafter.

Thank you! :)

Hi Caroline,

I work for Councilmember Mitch O'Farrell. He asked me to reach out to you because our office is receiving complaints due to some illegal signage your company first posted, as well some other issues your temporary signage is causing in the neighborhood.

We certainly want to accommodate your construction but there are certain rules that must be obeyed.

Can you please call me on Monday at (213) 207-3015 or my cell at (213) 254-7214.

Thank you,

Hello Dan,

Julian Ledesma, owner of Big Little House LLC has reached out to you regarding this matter. Please find his number below.

In order to clarify the construction on El Centro, we received a permit from DOT + No Parking signs. Those signs were taken down and residents were parking in front of the sites. We let the parking slide, when we could, however, a few cars were towed away (which I believe was in our right, as the signs warned of tow away for non compliance) one day when we had a very expensive cement truck fixing the entire sidewalk for the block + the community.
When the signs were stolen, in the interim we put up signs from a different project so we could continue work while waiting on DOT.
All should be above board now, as the permitted and paid for signs have been secured in place.
Also, we have received permits to create driveways for the 2 properties, and can furnish you with the information on that.

Please let me know if I can be of further assistance.
Caroline on behalf of Big Little House, LLC

Temp Signs - 715 North El Centro Ave

Hi Phan,

Western Yard will be removing the temp signs at 715 N. El Centro Ave because parking signs were illegally removed there. There should be "Tow Away No Parking 2-6 AM Oversize Vehicles" and "No Parking 8-10 AM Monday Street Sweeping" signs on that post. Once they have been reinstalled, can you wire a new temp sign for 715 N. El Centro Ave? They also wrote on the temp signs to try and reserve the parking for themselves. See picture attached.

Thanks.

Hi everyone,

I spoke to the property owner (Julian Ruelas) yesterday and he said that they had written the address and permit number on the signs not to reserve the spaces, but because angry neighbors kept tearing them down. I'm not opposed to re-posting with clean signs, though.

For the Councilman,

What is going on with this property?

I went to park in front the other day and was chased away and was told that it was permit parking only.

This is a public street. I don't get it.

Hi Sally,

There is no permit parking (yet) at this location. Any signs that say "tenant parking only" are not legal.

However, there ARE legal "no parking" signs for construction purposes. Can you please take a photo of what you're seeing, and send it to me?

It is a standard No Parking Anytime but it is mounted on a plywood backing trimmed to the same size. Written on the sign is "Permit #175332"

I am in NY on business and can't take current photo.

What did you mean no permit YET?

I think the sign you describe is valid.

Overall, the neighborhood has been in the process of gathering support for a permit parking district for area residents and their guests. Please call me next week and I will provide you the details.

I know about Parking Districts. They tried in our neighborhood but many of the renters were impossible to reach. There is a cost to it and perhaps that's why they essentially voted no.

This doesn't seem like that as the original signage said 715 and 719 ONLY. The inked writing appears to be a continuation of the original lie. What is that permit number? Is that from construction where it normally only restricts parking during regular Monday through Friday work hours.

Phan,

Sorry for the lousy photo. There are a bunch of handwritten Temp signs on Santa Monica Blvd between Tamarind and Cole.

The contractor says CalTrans gave them the signs; Caltrans says they told the contractor to go through LADOT which they clearly didn't. Please remove.

However, I will start a separate email with Caltrans and the contractor so they can purchase legitimate signs. Stay tuned.

Request for Temporary No Parking Signage on Santa Monica Blvd between Tamarind and Vine

Hi Phan,

I am CCing Ali Mohsenzadeh with Caltrans and Bryan Scott with Calmex, a contractor hired by Caltrans that is doing some work on Santa Monica Blvd (State Route 2).

Calmex is looking to purchase some temporary permits to facilitate a project on the street.

Bryan, please provide detailed information regarding block numbers/street segments, and the precise dates you will be working on each section. Phan and her team will work with you to post approved LADOT signage at those locations for the appropriate dates. Respectfully, we ask that you request posting for each section only on the dates you will actually need it.

Phan, thank you for your help.

Hi Dan,

I spoke to Bryan and he mentioned that they need this on both sides of Santa Monica Bl from La Brea Av to east to 101 freeway. This is not just from TAMARIND to VINE, as mentioned on the subject line. He is requesting more than a month or two for this. We will be posting signs for a month at a time. When asked if they want to do this in sections, Ali mentioned the whole area is needed because they do work on different locations on any given night. They really need the area cleared so they can finish their work quickly as possible. It sounds like section by section will not work on this particular project.

Best,
Reggie

Hi Reggie,

La Brea to the 101 is over two miles, and covers two council districts. We will not support posting of this entire stretch for a month. We will be happy to work with Bryan and Ali but this needs to be posted in sections; otherwise the impact on the community will be too great. We are already getting complaints about this.

Hi Reggie,

Please post No Parking for next week, Mon-Thurs, 1/22/2018-1/26/2018, for Westbound only Santa Monica Blvd., Rte. 101 to Sycamore, 10pm-6am. This will complete paving operations. Ali has directed me to call you in 2 weeks when it will be required again. We will request posting for each individual operation, that require No Parking.

Please call me at your convenience. I have not received an invoice yet. Thank you.

Gentlemen,

Again, Sycamore to US-101 is over two miles long; is Calmex/Caltrans really going to be paving the westbound portion of the street every single night of the week, for four nights in a row? I don't understand why two miles needs to be posted all at once, even if it's only the westbound portion of the street.

CD13 does not support all this posting all at once and will be forwarding complaints on this matter.

Reggie, Ali, and Bryan:

Please see below for an example of the complaints we are getting regarding the signs posted on Santa Monica Blvd. This is why our office requested that the signs be installed in specific segments as opposed to the entire stretch from Sycamore to the 101 Freeway.

This is really going to cause an impact to the community, which would normally rely on these hundreds of parking spaces.

Again, we know this work needs to occur, but posting an entire miles-long stretch like this is going to cause some unnecessary headaches for residents in the area.

Daniel,
LADOT posted signs this morning, but the signs prevent people from parking there on Fridays even though they are only working, at most, Monday through Thursday.
The truth is they aren't even working Monday through Thursday. They haven't worked at all yet.
Can you direct them to post correct signs instead of blocking more people from parking for an even greater amount of time?
As you confirmed in your previous email, they are only working, at most, Monday through Thursday.
The signs that the contractor originally posted also said "no parking, Monday through Thursday, 10 pm - 6 am"
The new signs that LADOT posted this morning incorrectly state "no parking 9pm - 7am except Saturday and Sunday."
So they are taking up more parking spaces for a greater amount of time than the previous signs.
Also, THEYRE NOT ACTUALLY WORKING IN THE STREET DURING THOSE HOURS.
Thank you,
Jennifer Barbosa

Our understanding is there will be work at different spots in the area on Monday through Thursday evenings through February 1st.

LADOT posted the wrong signs

Hello to all,

I just got off the phone with the Contractor "Bryan". To answer your concerns:

1. In regard to "Contractor not Working": The Contractor has been working/paving, but they have been jumping from location to location in order to pave Santa Monica as much as possible without towing ANY residence. This is because NOT all residence are abiding with the no parking enforcement. In addition, signs have been pulled off prior to the work shift. This is getting extremely frustrating for the Contractor as they have posted repeatedly. But surprisingly, after speaking with the Contractor, they have made progress on Santa Monica Blvd. thus far.

2. In regards to NO work on Fridays: The Contactor requested Monday-Thursday No parking signs, but the City has generic (No parking except Saturday and Sunday) signs. The Contractor will gladly pull off the signs prior to Friday to accommodate the residence. In addition, they will pull off the signs as they make progress at each location by the hour.

3. Please note, when time comes to the Stripping Stage the whole stretch needs to be posted for NO Parking for one/two shifts as stripers need continuity. They will not jump from location to location.

4. Ultimately Caltrans is paying for the postings of the signs. In order to keep the NO parking posting costs low, we kindly request the City to keep the signs up on a continuous week to week work. We do not wish to pay for the same signs twice for operation that requires two weeks in a row. The Contractor will call the City and request as needed for the specific locations.

5. We have an extraordinary Contractor who is pushing to complete a 235 working day project which is scheduled to finish in 2-3 months (40-60 working days). I like to facilitate them as much as possible in order we all benefit from their expertise. In the big picture, this will minimize the inconvenience to the residence in this location if they are patient with the operations at hand.

Thank you all in advance.

Jonathan,
Thanks so much for watering the trees this morning. It was a big help.

Attached photos - This is the site that I was talking to you about . Not sure if it is encampment or left over debris. Can you address this tomorrow on the corner of Alger and Chevy Chase Drive? Also debris along Verdant Ave. between Alger and Perlita Ave.

In addition, when you get time or in the area, there are two storm drains that need clearing.

I spoke with my Superintendent and he informs me that he will be briefing the commissioner on your report. This will be on or around the 18th of next week. Once the commissioner has been briefed, a date can be scheduled to go in front of the board. This may be toward the end of this month.

Thank You.

Hello Bob,

I am informed that it will be two to three weeks. It can be sooner or it can be later. I will keep you informed as I receive updates.

Thank You.

HI Adrian,

I left you a voice mail this morning to request an update of my tree removal permit. Dominic and Tina Hong have been processing the permit but I wanted to go right to the source. I understand this will need to go to a Board Review and wanted to get an schedule from you on when that will occur.

Happy Thanksgiving!

Good Afternoon,
Today the OWB HOPE Team completed a Rapid Response request for the area of Carlos and Tamarind. The occupants of this particular encampment have all been offered services, to which they all refused. Watershed was at scene, and processed the area for bulky items, and cleared the area of both rubbish, and human waste.

The above picture is an after shot of the completion of our Team's job, located on the south sidewalk of Carlos.

Greetings Mr. Bullock,
Councilmember O'Farrell has previously demonstrated his acknowledgement of the cultural impact of studio musicians from Musicians Union of Hollywood Local 47.

Hollywood Heritage requests Council Office consider making a supportive statement to the Cultural Heritage Commission for citation of **The Wrecking Crew** in the Musicians Union of Hollywood Historic-Cultural Monument nomination at it's Thursday January 18th determination hearing.

Playing collectively in varying configurations, they are considered one of the most successful session recording units in music history. These artists and their artistic contributions are directly tied to Musicians Union Local 47 at 817 Vine Street. No other building in Los Angeles represents the unique "studio musician" context during the mid-century economic and cultural development on the West Coast and specifically Los Angeles.

my best regards,
john g.

second vice president, Preservation Issues

Los Angeles City Councilmember Mitch O'Farrell (13th District) delivers introductory remarks, emphasizing the value musicians give to the community. (L to R) are: O'Farrell; Local 47 President John Acosta and Vice President Rick Baptist; Local 47 members and honorees Carol Kaye, Dick Nash, Vincent DeRosa, Louise DiTullio, and Gene Cipriano.

In April, **Local 47** (Los Angeles, CA) held its first Lifetime Achievement Awards honoring five **Local 47 members**—Gene Cipriano (woodwinds), Vincent DeRosa (horn), Louise DiTullio (flute), **Carol Kaye (electric bass)[Wrecking Crew]**, and Dick Nash (trombone)—for their outstanding achievements and support for the artistic community of Los Angeles.

"**The efforts of everyday working musicians who have created a meaningful and lasting impact on the artistic community are largely unknown to those outside the music world**," says Local 47 President John Acosta. "Too often, these wonderfully talented artists remain unsung heroes...

Sgt. Maxwell,

I hope you are well. We did a drive throughout Hollywood today and focused on homeless encampment locations. We identified the following locations where the sidewalk is being blocked; please visit these locations tomorrow and provide appropriate outreach and enforcement:

1. 1011 **Gower** Street (at Romaine)
2. 1033-1037 **Cole** Avenue (adjacent to Sunshine Shack Preschool)
3. 1100 N block of **Lodi** Pl (north of Santa Monica Blvd)
4. 6200 block of **Leland** (between Vine and El Centro) - loose trash/debris + sidewalk blockage
5. 5900 block of **Carlos**/1700 block of **Tamarind** (cul-de-sac) (between Gower and Bronson)
6. **Gower/101** freeway underpass (between Hollywood and Franklin)
7. 5500 block of **Fernwood** (between St. Andrews and Western)

Thanks!

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Hollywood RC looks like a different park. It is true that families are returning. I saw a couple with their newborn walking around the park and approximately 10 men playing basketball. LAPD has also done an amazing job patrolling and enforcing laws.

I ask that we may continue our efforts to show that this was not one of our monthly clean ups. With presence and enforcement we can collectively achieve what Councilman O'Farrell spoke on and send the message that homeless need to find a different place to stay.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you Albert for all your work yesterday and your continued support!
Hollywood RC looks like a different park. It is true that families are returning. I saw a couple with their newborn walking around the park and approximately 10 men playing basketball. LAPD has also done an amazing job patrolling and enforcing laws.

I ask that we may continue our efforts to show that this was not one of our monthly clean ups. With presence and enforcement we can collectively achieve what Councilman O'Farrell spoke on and send the message that homeless need to find a different place to stay.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Hi Gita and Steve,

Happy New Year and I hope all is well. Yesterday we met at Hollywood Recreation Center to discuss ongoing issues, and possible solutions. One of the areas we would like to follow up is with signage.

We want to install signs around the perimeter of the Rec Center that relate to: **(1) notification of and enforcement of 56.11 (particularly no blocking of the sidewalk), and (2) notification of and enforcement of 647(e).**

My questions for you are as follows:

1. Do you know if we have pre-made signs already in supply?
2. If not, can you advise on the appropriate language needed, so we can place an order?

Please let me know. CCing RAP and LAPD personnel here as well to keep them in the loop.

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Hi everyone,

Good seeing some of you today. Please excuse the mass email, but I'm about to leave the office until Tuesday and I wanted to try to get everyone on the same page here.

Please see attached for photos of a few areas we've been getting a lot of correspondence about lately:

-Willoughby Ave b/w Gower and El Centro
-Waring Ave b/w Gower and El Centro

-Fernwood Ave b/w Western and St. Andrews (a ways away from the other two)

The issues at these locations are very similar, as in most areas:

- sidewalk blockage (so pronounced on Waring and Fernwood that a constituent reported they cannot exit their vehicles)
- urination (reportedly someone on Waring urinated ON a pedestrian)
- feces
- drug use

It would be ideal to coordinate outreach with appropriate enforcement measures. Hopefully some folks are already being engaged; in the meantime, I must report the above issues to LAPD's attention but also include our service providers. We are getting urgent calls for assistance.

As I mentioned, I will be out of the office until Tuesday. In the meantime, please deploy collective resources however you are able. It is much appreciated.

Thank you all for your work and partnership.

Internal to LAPD / CD13 -

Commander Chow, thank you for responding to Mary's email earlier today. I am CCing others from your outstanding Hollywood team as well. Councilmember O'Farrell had the opportunity yesterday to thank some members of the Hollywood Division team in person, and he meant it, as do I. We are grateful to you for everything you do for us and the neighborhood.

I wanted to send this follow-up email because I have received a few calls and emails in the last few days specifically regarding the return of what appears to be a drug-related element to El Centro/De Longpre. This is after a period last month where things had really gotten a lot better. Certainly we do not want to take lightly the issue of drug sales or use on the street.

Please let me know if you're able to target additional resources to this location to address the narcotics issue.

Thanks so much,

El Centro Avenue is no longer known for being a row of encampments but now a fully functioning all day-all night open drug market/prostitution ring consisting of younger, more aggressive individuals which means more dangerous. These individuals have nothing to lose which puts our community at even more risk of violence.

Our community which consists of mostly the elderly, families with children... bottom line... human beings have become numb. Their energy is low and have become prisoners of their own homes because they're too scared to step out. You can see it in their faces and in their body language. A very sad sight to see.

Meetings seem to fall flat. The street sweeps are good but only provide a very temporary fix. We need for the police to start cracking down on the illegal activity. It's not about homeless people camping up anymore. These individuals are openly selling, using & prostituting themselves. All illegal acts and yet they do so confidently and comfortably.

Please confirm the chain of command within our district and police department, so, that we can take it up to the next level.

Thank you.

Happy New Year and thanks for the emails. I drove by today myself as well. I'm CCing Officer Cesar Corona, the acting Senior Lead Officer for the area. Officer Corona -- please see below re: El Centro and Leland around the AT&T building (same area we spoke about earlier today).

Officer Corona -- Mary Cuizon manages the Hollywood El Centro apartment building at De Longpre/El Centro, and Christopher Mueller is a resident on El Centro. They are wonderful neighbors and activists in their community.

Mary and Christopher -- Cesar Corona is one of our finest officers and I think you will enjoy getting to work with him.
We'll continue to be in touch.

Hi Dan

I would just like to add to Mary's concerns. I see hand to hand exchanges on a daily basis on the NE corner of El Centro & De Longpre. Many neighbors I speak to see the same as well as expensive cars pulling up making exchanges. I know in the policing business there's "what you think, what you know, and what you can prove." The last is all that matters. We in the community know what is going on. We must rely on our city services to prove it. It is not safe for us to interact with this group. One of my neighbors confronted them a little over a week ago and was threatened by an armed group. He reported it to police who came and made a report. The group remains and a dwelling is still setup on the corner, one which a wheelchair could not pass on the sidewalk (a standard of which I understand is not legal).

I would be happy to meet with law enforcement away from the area as this new group of self described "gangsters" watch us. It's becoming clear to me who some of regular players are. The drug use is clear and the threat of violence is escalating. I know this is a city-state-country wise problem. We need help before a citizen of our community is hurt.

RE: CALIFORNIA PUBLIC RECORDS ACT REQUEST
4845 - 4859 FOUNTAIN AVE / 5 LEAVES HOLLYWOOD LLC
ZA-2014-3264-CUB-SPP-1A

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act present to Government Code Section 6250, etseq. Please provide copies of the following from the City (as "**City**" is defined below).
For ease of reference in this document, please refer to the following **defined terms**:

"**City**" shall refer to all officials, employees, consultants, and agents of Council District CD 13, East Hollywood Neighborhood Council, Department of City Planning of Los Angeles, Department on Building and Safety, LAPD North

"**Project**" shall refer to all previously or currently proposed issues with regard to The Merrick Building/ 5 Leaves Bar & Restaurant at 4845-4859 Fountain Avenue, Los Angeles, California 90029 or 90027

"**Applicants**" shall refer to all related or affiliated companies, and all principles including but not limited to Cyrus Etemad, Justin "Jud" Mongell, Elizabeth Peterson Group, Margret Taylor /Apex LA, F.E. Design and Consulting, and/or but not limited to consultants thereof

"**Documents**" as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostatting, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing of any form of communication or representation, including letters, words, pictures, sounds, or symbols or combinations thereof, and any record created, regardless of the manner in which the record has been stored.

The public records request include:

(1) All **Documents** from June 25, 2013 through your date of compliance with this request between anyone in the Council District 13 office related in anyway to **Applicants** and/or **Project** 4845-4859 Fountain Ave/5 Leaves, or any of their employees,attorneys,consultants, or other representatives.

(2) All **Documents** from June 25, 2013 through your date of compliance with this request between anyone in the Council District 13 office as well as any persons with Los Angeles Department of City Planning, with regard to **Applicants** and/or **Project** 4845-4859 Fountain Ave/5 Leaves

(3) All **Communications** from June 25, 2013 through your date of compliance with this request between anyone in the Council District 13 office any persons related in anyway to **Applicants** and/or **Project** 4845-4859 Fountain Ave/5 Leaves, or any of their employees, attorneys, consultants, or other representatives.

(4) All **Communications** from June 25, 2013 through your date of compliance with this request between anyone in the Council District 13 office and any persons with Los Angeles Department of City Planning with regard to **Applicants** and/or **Project** 4845-4859 Fountain Ave/5 Leaves.

I draw your attention to Government Code Section 6253.1 which requires a public agency to assist the public in making a focused and effective request by: (1)

identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

Please state why in writing pursuant to Section 6255(b): (1) if the **City** is withholding any documents: (2) if the **City** is redacting any documents: (3) what documents the **City** is withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and not produced.

Please preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated received or copied regarding the subject matter of the above-referenced , cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium and including also any printouts, blowbacks, or other reproduction of any such computer communications.

As required by Government Code Section 6253, please respond to this request within ten days. Because I am faxing and emailing this request on January 5, 2018, please ensure your response is provided to me by no later than January 19, 2018. Thank you.

Sincerely,

Tracy Walker

RE: Construction Equipment on public right-of-way at project 1331 Cahuenga

Dear Adjacent Neighbors:

This letter is intended for our local neighbors, including the Los Angeles City Council Office (District 4 and 13), Los Angeles Police Department – Hollywood Station, Los Angeles Fire Department Station 27, and LADOT Hollywood-Wilshire office to inform you that we will begin our concrete operations for the construction project located at 1331 Cahuenga Avenue.

Since the project limits extend from property line to property line, we will have to pour concrete from the public street and sidewalks. Pursuant to the approved LADOT construction traffic control plan, we will be using public right-of-way on Cole and Fountain for concrete pour days. A copy of the approved LADOT construction traffic control plan can be found posted at the entrance gate off Cole and Fountain and at Bernards Builders office located one block west of the jobsite, 6521 Fountain. Concrete trucks, cranes and pumps will be sitting out in the right-of-way 1-3 times a week from now until October 2018. Through traffic for the public will be restricted but access for emergency personnel will always be maintained.

If you would like further details, please contact the Project Superintendent, Clint Culwell at cculwell@bernards.com or 818-262-9718 or Project Manager, Asiri Perera at aperera@bernards.com or 213-924-0352.

Hello all:

I neglected to include this in my email late last week regarding priority locations. Please see the email and photos below. This is the SE corner of Cole Ave and Waring Ave. Any resources that you can direct to the location would be very helpful.

The encampment is located on and around property belonging to the Bureau of Sanitation. I have notified them about this issue on multiple occasions.

Please keep me posted.

Hi

I would like to thank you for your effort to keep our street safe and our city clean
I know it's a big challenge dealing with homelessness in our city
But the problem in my area it's getting real bad lately , a lot of them right in front of my building
711 Cole LA 90038
It's very very scary to walk in the street day and night
The hole side walk is close with their tents and stolen bicycles and stolen packages from building, and if you confront them you put your life in risk
They fight with each other , selling drugs , repairing bicycles, suspicious people always around them , loud music ....

It's unacceptable, We have kids in our building, pregnant woman , young girls, it's very scary even to go to grocery store or walking your dog

We deserve to live safe please help us

Councilmember O'Farrell had the opportunity yesterday to thank some members of the Hollywood Division team in person, and he meant it, as do I. We are grateful to you for everything you do for us and the neighborhood.

I wanted to send this follow-up email because I have received a few calls and emails in the last few days specifically regarding the return of what appears to be a drug-related element to El Centro/De Longpre. This is after a period last month where things had really gotten a lot better. Certainly we do not want to take lightly the issue of drug sales or use on the street.

Please let me know if you're able to target additional resources to this location to address the narcotics issue.

I would just like to add to Mary's concerns. I see hand to hand exchanges on a daily basis on the NE corner of El Centro & De Longpre. Many neighbors I speak to see the same as well as expensive cars pulling up making exchanges. I know in the policing business there's "what you think, what you know, and what you can prove." The last is all that matters. We in the community know what is going on. We must rely on our city services to prove it. It is not safe for us to interact with this group. One of my neighbors confronted them a little over a week ago and was threatened by an armed group. He reported it to police who came and made a report. The group remains and a dwelling is still setup on the corner, one which a wheelchair could not pass on the sidewalk (a standard of which I understand is not legal).

I would be happy to meet with law enforcement away from the area as this new group of self described "gangsters" watch us. It's becoming clear to me who some of regular players are. The drug use is clear and the threat of violence is escalating. I know this is a city-state-country wise problem. We need help before a citizen of our community is hurt.

The group remains and a dwelling is still setup on the corner, one which a wheelchair could not pass on the sidewalk (a standard of which I understand is not legal).

I would be happy to meet with law enforcement away from the area as this new group of self described "gangsters" watch us. It's becoming clear to me who some of regular players are. The drug use is clear and the threat of violence is escalating. I know this is a city-state-country wise problem. We need help before a citizen of our community is hurt.

Re: California Public Records Act Requests – 1118 N. Heliotrope Dr.

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms**:

> The "City" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.
>
> "La Joma Corporation" shall refer to all related or affiliated companies, and all principals, including David Vivanco, officers, employees, agents and/or consultants thereof.
>
> "Project" shall refer to the previously or currently proposed project located at or near 1118 N. Heliotrope Dr., Los Angeles, California.

"SNAP" shall refer to the Vermont/Western Transit Oriented District Specific Plan, also known as the Station Neighborhood Area Plan.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Correspondence" or "communication" shall mean physical or electronic correspondence, emails, memoranda, meeting notes, calendar entries, letters, notes of telephone calls (including conference calls, Skype calls, and the like), and any other form of electronic communication, such as Instagram.

Please note that Documents and Emails includes, but is not limited to, correspondence to or from any email account through which any public business is conducted, including but not limited to **personal or otherwise private email accounts belonging to government officials, employees or consultants**, pursuant to the California Supreme Court's recent decision in City of San Jose v. Superior Court (2017) 2 Cal.5th 608. This also includes text messages on any public or private device on which discussions about the Project and other public matters was discussed. **Please ensure that you have secured and produced all such personal or otherwise private emails and texts.** Therefore, we are also requesting that all relevant officials, employees and agents **preserve intact under a litigation hold** all such "personal" and official emails and text messages, and not to destroy, delete, allow to be automatically purged, or otherwise to engage in or permit spoliation of such evidence. To the extent that such emails or texts have been deleted, purged or otherwise spoliated, we demand that the holders of these devices immediately be informed that they must take all efforts to retrieve any deleted or otherwise purged emails and texts, and make all efforts to retrieve and preserve them. **Please confirm that you will do so.**

The public records requests include:

(1) All Documents from January 1, 2016 through the date of your compliance with this request which refer or relate to 1118 N. Heliotrope Drive and any approval or action before the Planning Department, including a Project Permit Compliance Review under SNAP, clearances, and any approvals

from the Los Angeles Department of Building and Safety ("LADBS"), including but not limited to demolition permits and any Order to Comply.

(2) All Documents from January 1, 2016 through the date of your compliance with this request which refer or relate to communication from any representative of the La Joma Corporation on the one hand, and any person from the City on the other hand regarding 1118 N. Heliotrope Drive, including the discretionary decision process, clearance for an after-the-fact demolition permit, entitlements, or other approvals for the Project.

(3) All communications from January 1, 2016 through the date of your compliance with this request between any member of your office on the one hand, and the Planning Department on the other hand, regarding the Project and demolition of the site, including but not limited to planning staff members Patricia Diefenderfer, Shana Bostin, Mindy Nguyen, Nuri Cho, Blake Lamb, and Richard Reaser.

(4) All communications from January 1, 2016 through the date of your compliance with this request between your office on the one hand, and any member of the Department of Building and Safety regarding the Project, Project demolition approvals, and clearances.

(5) All communications from January 1, 2016 through the date of your compliance with this request between your office on the one hand, and any member of the public on the other hand, including but not limited to representatives of the East Hollywood Neighborhood Council, Doug Haines, Ed Hunt, Fred Stifner, and Armen Makasjian, regarding the proposed Project.

(6) All communications from January 1, 2016 through the date of your compliance with this request between anyone with your office on the one hand, and any person on the other hand related in any way to the La Joma Corporation, or any of their employees, attorneys, consultants, or other representative.

(7) All communications from January 1, 2016 through the date of your compliance with this request which refer or relate to any Order to Comply issued by the LADBS regarding 1118 N. Heliotrope Drive.

(8) All Documents from October 1, 2017 through the date of your compliance with this request which refer or relate to an appeal filed by the La Mirada

Avenue Neighborhood Association of the City's approvals/clearances for the 1118 N. Heliotrope Drive Project.

(9) All Documents and communications from March 1, 2001 through the date of your compliance with this request which refer or relate to demolitions in the SNAP conducted without permits, notification, or clearances, including but not limited to the addresses 4618 Maubert Ave., 4975 Sunset Blvd., and 1223 N. Edgemont St.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

We request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am faxing and emailing this request on January 11, 2018, please ensure that your response is provided to me by no later than **January 22, 2018**. Thank you.

Very truly yours,

Daniel Wright

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Hi Gita and Steve,

Happy New Year and I hope all is well. Yesterday we met at Hollywood Recreation Center to discuss ongoing issues, and possible solutions. One of the areas we would like to follow up is with signage.

We want to install signs around the perimeter of the Rec Center that relate to: **(1) notification of and enforcement of 56.11 (particularly no blocking of the sidewalk), and (2) notification of and enforcement of 647(e).**

My questions for you are as follows:

1. Do you know if we have pre-made signs already in supply?
2. If not, can you advise on the appropriate language needed, so we can place an order?

Please let me know. CCing RAP and LAPD personnel here as well to keep them in the loop.

All,

Just a brief report of yesterday's activities:

Everyone complied by removing their property along the entire perimeter

Bulky Item Removal complete without incident by RAP Team

Staff noticed that famlies and children returned to the playground

Area remains clear per Senior Lead Officer Corona

Minor bulky item of two sofas today

See photo

My thanks to everyone for their involvement.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).
- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.
- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.
- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.
- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update

and status on cost for a larger fence and appropriately placed security cameras within the park.

- NEXT MEETING - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Dan, although striping is Monday the 17th, we are grinding tomorrow morning. I am told we need council district approval.

Essentially the grinding on the lower half of Argyle is a couple of hours near the Pantages, and be complete by 10:00 am.

What do I need to do to get approval today?

Turns out there is a significant added striping scope, more continentals and turn direction signage in the approved plan.

Thanks

Think I knew that the work was North of Hollywood Blvd, but is the increased scope of work that you are talking about by the Pantages Theatre? On the Pantages Theatre side of Argyle or the Eastown side of Argyle or both? Need to better understand whether anything has changed?

Hi Jeff,

I believe you are out this week, but I called to touch base on a couple of things. Nothing urgent. Can you call me when you are back in the office?

Thanks!

RE: LA Culture Parade - notes recap

Jeff Loeb <jeff@nederlander.com> Fri, Jul 21, 2017 at 4:48 PM
To: Dan Halden <daniel.halden@lacity.org>

Dan,

Recap of the recent LA Culture Parade:

We found out about the event the day prior and immediately reached out to Dan Halden for help understand the event. Dan Halden left me a phone message on Friday at 2:30pm apologizing saying that the event organizer had told his office that they had contacted all impacted constituents. I checked with all our staff and confirmed that we were not contacted prior to the event. Did the event organizers provide written proof as to the outreach and the business they contacted to Dan Halden? Dan was successful in getting the organizer, Keron Adams, to send me a summary email around 3:17pm Friday afternoon as well as a phone call. Dan remind me that this was an annual "first amendment" parade and that we should address any ongoing concerns to the police commission.

As for the parade itself, this year we ran into the same issue we have had in the last couple years; traffic congestion, late arrivals and disruptive sound levels.

Specifically about sound - we recorded sound levels of 90db and at times louder. This sound level goes through the front doors and into the auditorium during the show. Our cast and crew even heard the parade back stage. Our front of house staff did all they could to cut down on the noise by closing front doors and closed all curtains. But the sound still disrupted the show. What makes this worse is the marching groups like to stop in front of the W Hotel and the Pantages to perform. We were able to find a couple of the Parade Operators (guys in Yellow shirts) and talked to them about this issue. We asked if they can keep the groups moving in front of the theatre because of the noise and they did their best to accommodate. Sometimes they even held the groups at Argyle, let the street clear, and then sent them west. If this parade continues on this route we would request they use the same consideration.

On that day we had a sold out 2pm matinee performance and the parade didn't end until after intermission (3:30pm). Although the parade organizer called to tell me that it would be past the Pantages well before the show would start. They missed that mark by over an hour and a half.

Our show started at 2:08pm (three minutes later than usual due to so many unscanned tickets).

Attendance count:

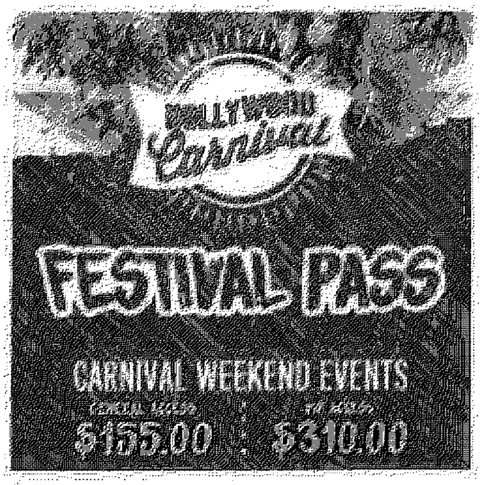
as of 2:14pm 2,361 (87%)

as of 4:31pm 2,563 (95%)

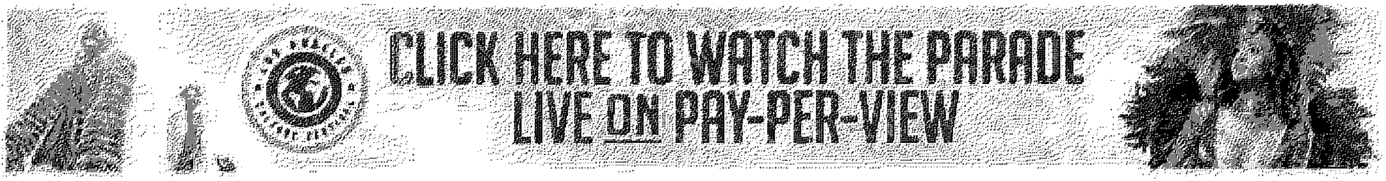
Our normal attendance count by 2:15pm is 95%. This means we had almost 200 people not in attendance when we normally do. Their live theatrical experience was negatively impacted by this event as they were not in their seat at the start of the show.

I'd like to discuss the legality of a "first amendment" parade that leads to a profit oriented festival. It seems a thin argument if there is not one but two transactional elements to their organizing.

1) Their website, www.hollywoodcarnival.com, lists a festival pass for $155.00 or a VIP access of $310.00.
2) You can also pay to watch the parade live on pay-per-view.



Carnival Weekend Pass GA: $155 VIP: $310
Thursday, June [illegible]
Friday, June 23rd: [illegible] Day Party
Friday, June 23rd: The Main Event
Saturday, June 24th: [illegible]
Saturday, June 24th: [illegible] Party
Sunday, June 25th: [illegible]



CLICK HERE TO WATCH THE PARADE
LIVE ON PAY-PER-VIEW

We'd also like to discuss the length of the parade. At three miles, the parade impacts so many businesses and residents. If the parade continues, can it be on a condensed route? A suggestion would starting west of the 101, perhaps starting at Ivar going to Highland. Crossing the highway and closing those exits is extremely disruptive.

The time of day is also very disruptive. Why does the parade need to be at the height of the afternoon? It could start earlier in the day and accomplish the same intent while being less disruptive. Other than the Hollywood Christmas parade, I can think of no other parade that so greatly impacts the community.

We would be happy to discuss any and all of our concerns, hopefully more than a day prior to the event.

Regards,

Jeff

Hi everyone,

Please note that due to scheduling conflicts I need to adjust the date, time, and location of this week's Street/Sidewalk Closure Committee Meeting.

The meeting will NOT be on Thursday 8/3/17 at Hollywood City Hall.

The meeting WILL be on FRIDAY 8/4/17 at the CD13 Echo Park District Office, 1722 Sunset Boulevard.

Let me know if you have any questions.

Thanks,
Dan

Welcome back Dan and hi Marisol!

I just drove by Pantages and there is a gate that says no pedestrian walk way at the corner of Argyle and Hollywood and cones all along the front of the Pantages. We have the ceremony for Aznavour tomorrow! We cannot have that there tomorrow and Paul at Pantages has no idea why they are there either and they don't want them there. BTW, My No parking signs are up for tomorrow which is perfect but this other stuff??

Help!

Handling the stars for many moons!

Where are the cones exactly? On the street? Sidewalk? Can you take a photo?

I can't take a photo at this time. Paul can you?? They are on the street near the curb area. The gate is at Hollywood and Argyle (NW). I called Film LA and they say there is nothing going on there that they know of.

Here are two photos.

We have moved the cones onto the curb so the lane can be used.

Paul called the company on the cone and apparently they are supposed to be placed on Vine for a shoot at the Avalon. Hopefully they will come get the cones and fence shortly.

Pantages safety

5 messages

Jeff Loeb <jeff@nederlander.com> Tue, Sep 5, 2017 at 7:25 AM
To: Dan Halden <daniel.halden@lacity.org>

Dan,

Wondering if we can chat for 5 minutes this week about a safety initiative at the Pantages Theatre?

We continue to be concerned about pedestrian safety in front of the theatre, especially given the recent attacks by automobiles on pedestrian crowds. As you know, the sidewalk is packed during arrivals and departures for our shows. In talking with Capt. Palka and the LAPD team, we have some thoughts on how to improve pedestrian safety and would love your initial thoughts on a plan we have devised.

Let me know what might work for you to talk for 5 minutes this week.

Thanks,

Jeff

Pantages Curb Lane Bump out project

3 messages

Jeff Loeb <jeff@nederlander.com> Wed, Sep 13, 2017 at 10:25 AM
To: Dan Halden <daniel.halden@lacity.org>

Dan,

Wanted to let you know that I have reached out to both the Hollywood BID and the Hollywood Chamber and both are in agreement that our curb bump out security project is appropriate and needed. This is in addition to the support we already have from LAPD.

Last you and I spoke, we thought that once we have these approvals, we should/could approach LADOT. Is that best coming from you?

Thoughts on how to proceed?

Thank you,
Jeff

Neighbors,

I wanted to let you know that there have been a few relatively late changes to the Hollywood Blvd street closure calendar for next week.

Please note that I intended to send this email last week, but got bogged down with other responsibilities. The delay is mine and mine alone. I want to thank the individual venues and event production companies for being very forthcoming and helpful as details changed.

Lethal Weapon filming, which was previously approved for a full closure (9am-3pm) on 10/2, is now moving dates and adjusting times to **Wednesday October 4th.** The full closure would be from 9 AM to 3 PM, with #2 lane closures from 3 PM to 8 PM (meaning traffic WILL be allowed to flow during rush hour), followed by a full closure beginning once again at 8 PM to shoot night scenes.

Additionally, the premiere of *Marshall* will take place at the TCL Chinese Theatre this **Monday October 2nd.** It is a WB #2 closure. The sidewalk will remain open until approximately 4 PM, closing for arrivals, then re-opening once the film begins. It will be closed briefly to allow egress from the theater.

Lastly, please note that there is a previously approved full closure on **Tuesday, October 3rd** for *Blade Runner.* The was approved quite some time ago, and all details remain the same.

IF ANYONE HAS ANY QUESTIONS, FEEDBACK, ETC., PLEASE LET ME KNOW ASAP. THANK YOU FOR YOUR UNDERSTANDING AND PATIENCE DUE TO THIS UNIQUE SET OF CIRCUMSTANCES.

Best,

Dan Halden

Neighbors,

Please be advised that next week there will be multiple events on Hollywood Blvd as well as sold-out events at the Hollywood Bowl.

Tuesday, October 3
There will be a full closure on Hollywood Blvd between Highland Ave and Orange Drive from **9AM - 12AM** for a movie premiere.

The Hollywood Bowl is sold out on 10/3 for Chance the Rapper.

Wednesday, October 4
A major Film/TV shoot will result in the following closures:
9am-3pm FULL closure
3pm-8pm #2 lane closure (traffic impacted but flowing)
8pm-1am FULL closure

The Hollywood Bowl is again sold out on 10/4 for Chance the Rapper.

Thank you,

Dan Halden

Subject: Hollywood Recreation Center - SIGNS Needed
1-3-18 Rec Center Meeting.pdf

Hi Gita and Steve,

Happy New Year and I hope all is well. Yesterday we met at Hollywood Recreation Center to discuss ongoing issues, and possible solutions. One of the areas we would like to follow up is with signage.

We want to install signs around the perimeter of the Rec Center that relate to: **(1) notification of and enforcement of 56.11 (particularly no blocking of the sidewalk), and (2) notification of and enforcement of 647(e).**

My questions for you are as follows:

1. Do you know if we have pre-made signs already in supply?
2. If not, can you advise on the appropriate language needed, so we can place an order?

Please let me know. CCing RAP and LAPD personnel here as well to keep them in the loop.

Thanks,

Dan Halden

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Subject: Hollywood Recreation Center Meeting 1/3/18 - Follow-Up
1-3-18 Rec Center Meeting.pdf

Hi everyone,

Thank you again for your time this morning. Attached please find the sign-in sheet from the meeting.

I am also including a list of follow-up action items:

- **Signs** - Dan Halden (CD13) will work with RAP, Park Rangers, LAPD, & City Attorney to post appropriate signage around the park related to enforcement of 56.11 and 647(e).

- **Coordinated Outreach** - Service providers will attend a meeting at PATH tomorrow, **1/4/18,** for case conference forms for Hollywood hot spots. This will be the first step towards coordinating outreach among the different service providers at this location. Jesus Torres (PATH) will also take the lead on formulating a master list or spreadsheet that documents all the individuals at the location, as well as their needs and connection to services.

- **Stay-Away Orders** - Officer Corona (LAPD) will work with Steve Houchin (City Attorney) regarding a stay-away order for the individual we discussed, as well as any others who qualify.

- **Law Enforcement** - LAPD Hollywood Division will provide enforcement as much as possible (preferably daily) for the 6:00 AM rule, as well as sidewalk blockage. Additionally, LAPD OWB HOPE will visit the area at least once per week.

- **Fence/Camera** - Anthony Bagnerise (RAP) and Jose Monge (RAP) will provide CD13 with an update and status on cost for a larger fence and appropriately placed security cameras within the park.

- **NEXT MEETING** - Everyone is encouraged to attend the **Hollywood Outreach Collaborative meeting on Thursday 1/11/18 at 10:00 AM.** The meeting includes various agencies and service providers who coordinate on various Hollywood hot spots and issues. Jesus Torres (PATH) will send invitations to everyone here. **Please be sure to RSVP.**

Thank you again for all your efforts. Please contact me if you have any questions. My cell phone number is (213) 254-7214.

I look forward to seeing you all soon.

Best Regards,

Subject: [REMINDER - PLEASE RSVP] Meeting to Discuss Hollywood Recreation Center Issues

Good morning, all:

Happy New Year! I hope everyone had an enjoyable holiday season.

I wanted to send a friendly reminder regarding tomorrow's (Wednesday 1/3/18 - 9AM) meeting to discuss issues at and around the Hollywood Recreation Center. This is an "all hands on deck" meeting and will take place at the Rec Center itself - 1122 Cole Avenue. We need attendance from the following entities:

CD13
LAPD - Hollywood Division
LAPD - OWB HOPE
RAP - Rec Center management
RAP - Maintenance/Operations
RAP - Park Rangers
LAHSA

E6 Outreach Team
LGBT Center

Please RSVP if you have not already done so, or feel free to reach out to me if you have any questions. I look forward to seeing you tomorrow (Wed 1/3) at 9:00 AM, at the Rec Center.

Many thanks!
Dan

Meeting to Discuss Hollywood Recreation Center Issues

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Dear Friends,

We are quickly approaching our meeting date and wanted to share a final agenda, lunch menu and parking logistics with you. **Please ACCEPT/DECLINE** the calendar invite as soon as possible so that we can get an accurate count for lunch. Some of you have already done this, so appreciated!

Lunch:

Please make sure to bring $10 cash the day of, or you can venmo me on 3/7 @stephco49.

If you are NOT having lunch with us, please email me separately and let me know ASAP!! If you do not email me and let me know that you will not be eating, you will be responsible for the $10 payment.

Parking:

Parking is accessible from 905 Loma Vista Drive. You should follow the park road to the top, where it empties into a large parking lot. There will be signage and a staff person to help direct you to the Mansion Living Room.

Agenda:

Each office should select 1 representative to give a brief 2-3 minute office/district update. See agenda.

Lunch menu, agenda and parking maps are attached. Let me know if you have questions or concerns.

Best,

Stephanie

Subject: From Supervisor Kuehl's Office- SAVE THE DATE 3/7/18
Importance: High

Dear Friends:

Exciting news from the West/Metro LA Office of Supervisor Sheila Kuehl. In an effort to be the best partner that we can be, we are reimagining the Westside Field Deputies meetings and making a slight change to the present the ***West/Metro Field Office Deputies Meetings***!! These meetings will include elected offices from all levels of government from the beaches in Venice & Santa Monica to Atwater, Los Feliz and Hollywood.

We are working out the details of our first meeting and will send an invite as soon as possible, but for now- throw it on your calendars! This meeting is open to District Directors, Field/District Representatives and support staff within your offices. We will be hosting on a quarterly basis in a variety of areas, so no worries if the meeting is a bit too far of a drive (although you will be missing the fun).

Meeting to Discuss Hollywood Recreation Center Issues

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

I am living by the street cross of **TAMARIND & CARLOS Ave in Hollywood** area, and in the last year that I am living here, the homeless that is outside of my building really disrespectful to the neighborhood and the tenants from the buildings in the area.

There is trash everywhere, peeing and pooping outside, in front of my eyes!
Smoking weed and maybe even other drugs just outside the building, breaking glasses. and the list go on.
Please help us to live in a safer place, where I am not afraid to leave my house. The people who are camping outside are really not safe and unpleasant.

Subject: [REMINDER - PLEASE RSVP] Meeting to Discuss Hollywood Recreation Center Issues

Good morning, all:

Happy New Year! I hope everyone had an enjoyable holiday season.

I wanted to send a friendly reminder regarding tomorrow's (Wednesday 1/3/18 - 9AM) meeting to discuss issues at and around the Hollywood Recreation Center. This is an "all hands on deck" meeting and will take place at the Rec Center itself - 1122 Cole Avenue. We need attendance from the following entities:

CD13
LAPD - Hollywood Division
LAPD - OWB HOPE
RAP - Rec Center management
RAP - Maintenance/Operations
RAP - Park Rangers
LAHSA
E6 Outreach Team
LGBT Center

Please RSVP if you have not already done so, or feel free to reach out to me if you have any questions. I look forward to seeing you tomorrow (Wed 1/3) at 9:00 AM, at the Rec Center.

Many thanks!
Dan

Meeting to Discuss Hollywood Recreation Center Issues

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Dan Halden

Hi Dan,

Happy New Year. Unfortunately, I am at a mandatory Use of Force Board meeting tomorrow morning. I just spoke with Sgt Davis and the acting SLO will be at the meeting.

Call me with any questions.

Respectfully,

Jon

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE,** and **LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Dan,

Thank you. I would like to include Gita O'Neill, Assistant City Attorney and Steve Houchin, Neighborhood Prosecutor in the discussion. Our Citywide Ranger Bulky Item Team were present four times last week for outreach, removal and follow up. The encampment removal was effective, albeit temporary.

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: CD13, RAP, LAPD Hollywood, LAPD OWB HOPE, and LAHSA.

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on Wednesday, January 3rd at 9:00 AM. We can meet on-site at the Rec Center.

Thank you,

Hi All,
I will review any crime reports from this location, and where appropriate file criminal cases and request stay away orders. For homeless defendants it is always our goal to push the individuals into services/housing through the courts where possible. It would be helpful if all service providers working with individuals in this area could connect with LAPD and information-share where possible. Evidence of outreach/services is always relevant to our cases. I will also continue to work w/LAPD on enforcement of 56.11, 41.18, etc. where possible, although I know we're all aware of the challenges we face with meaningful enforcement.

Removing the constituent from the thread, so this is now City family-only. In recent days, I've been getting several calls and emails regarding the situation at and around Hollywood Recreation Center, and I've driven the location several times myself. We hear basically daily from neighbors that the situation around the Rec Center has gotten noticeably worse in terms of suspected criminal activity emanating from the encampments (particularly related to narcotics).

I am asking you all for the following:

LAPD - Hollywood: Daily 6:00 AM enforcement of the tents (I often see at least a dozen or more up during the day)

LAPD - OWB/HOPE: Please consider this the top current location in Hollywood Division, from CD13's perspective. We need as much outreach and, if necessary, enforcement as possible.

LAHSA: Don, as we spoke about yesterday, please have your HOPE and Outreach Teams make this as high a priority as possible, and please coordinate with LGBT Center and E6 teams on outreach.

City Attorney: Steve, are you able to work with LAPD on legal remedies where applicable?

RAP: Yamil, please continue to be in touch with me regarding what you are seeing and the feedback you are getting. I often hear from the residential neighbors but I would appreciate hearing from you as well.

Thanks, everyone.

Hi Anthony,

I am un-CCing some of the other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava), the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt). I am also CCing my colleague here at Councilmember Mitch O'Farrell's office, our District Director Marisol Rodriguez.

I'm including everyone above to keep all the appropriate parties in the loop regarding your photos and documented concerns.

As I believe we have discussed in the past, there are a number of legal and logistical challenges that dictate the actions that the City can and cannot take at this location. That being said, we certainly understand and share many of the concerns that you and other neighbors have raised. For my part, I will be calling you **today, Tuesday December 12th, at 4:30 PM** at the number you provided. This way, we can discuss these issues in greater detail. If that time doesn't work for you, please let me know, and/or feel free to give me a call back at your convenience. My cell is (213) 254-7214.

We are here to assist in any way we can.

I've seen them run prostitution rings out of there tents.

Is that what the ACLU and homeless advocate support? Prostitution & drug usage?

How do we clean this up?

Please advise what steppes are being taken to handle this.

Hi All,
I will review any crime reports from this location, and where appropriate file criminal cases and request stay away orders. For homeless defendants it is always our goal to push the individuals into services/housing through the courts where possible. It would be helpful if all service providers working with individuals in this area could connect with LAPD and information-share where possible. Evidence of outreach/services is always relevant to our cases. I will also continue to work w/LAPD on enforcement of 56.11, 41.18, etc. where possible, although I know we're all aware of the challenges we face with meaningful enforcement.

We hear basically daily from neighbors that the situation around the Rec Center has gotten noticeably worse in terms of suspected criminal activity emanating from the encampments (particularly related to narcotics).

I am asking you all for the following:

LAPD - Hollywood: Daily 6:00 AM enforcement of the tents (I often see at least a dozen or more up during the day)

LAPD - OWB/HOPE: Please consider this the top current location in Hollywood Division, from CD13's perspective. We need as much outreach and, if necessary, enforcement as possible.

LAHSA: Don, as we spoke about yesterday, please have your HOPE and Outreach Teams make this as high a priority as possible, and please coordinate with LGBT Center and E6 teams on outreach.

City Attorney: Steve, are you able to work with LAPD on legal remedies where applicable?

RAP: Yamil, please continue to be in touch with me regarding what you are seeing and the feedback you are getting. I often hear from the residential neighbors but I would appreciate hearing from you as well.

Thanks, everyone.

Hi Anthony,

I am un-CCing some of the other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava), the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt). I am also CCing my colleague here at Councilmember Mitch O'Farrell's office, our District Director Marisol Rodriguez.

I'm including everyone above to keep all the appropriate parties in the loop regarding your photos and documented concerns.

As I believe we have discussed in the past, there are a number of legal and logistical challenges that dictate the actions that the City can and cannot take at this location. That being said, we certainly understand and share many of the concerns that you and other neighbors have raised. For my part, I will be calling you **today, Tuesday December 12th, at 4:30 PM** at the number you provided. This way, we can discuss these issues in greater detail. If that time doesn't work for you, please let me know, and/or feel free to give me a call back at your convenience. My cell is (213) 254-7214.

I own the property at 1149 Cole. I lived there from 2007-2012. Raised my daughter there for 5 years played in the Hollywood community park.
How as the city allowed this to happen?
These are not out of work actors or editor down on there luck waiting to find the next gig. These are career drug dealer pimps and low lives. They harass the good tax paying citizens. Is this your plan? Have these "homeless" harass the

Hi everyone,

As most of you know, there are a number of issues that are occurring at and around the Hollywood Recreation Center, including trespassing, frequent/permanent homeless encampments on the public right-of-way, reported drug use, etc.

Councilmember O'Farrell has asked me to put together an "all hands on deck" meeting at the Rec Center to discuss possible solutions and coordination between all relevant departments and agencies: **CD13, RAP, LAPD Hollywood, LAPD OWB HOPE,** and **LAHSA.**

We want to explore more effective outreach strategies, maintenance, fencing, etc. to ensure that there is a safe and positive quality of life for all in this area.

Please let me know if you are available for a meeting on **Wednesday, January 3rd at 9:00 AM.** We can meet on-site at the Rec Center.

Thank you,

LAPD, RAP, City Attorney, and LAHSA friends:

Removing the constituent from the thread, so this is now City family-only. In recent days, I've been getting several calls and emails regarding the situation at and around Hollywood Recreation Center, and I've driven the location several times myself. We hear basically daily from neighbors that the situation around the Rec Center has gotten noticeably worse in terms of suspected criminal activity emanating from the encampments (particularly related to narcotics).

I am asking you all for the following:

LAPD - Hollywood: Daily 6:00 AM enforcement of the tents (I often see at least a dozen or more up during the day)

LAPD - OWB/HOPE: Please consider this the top current location in Hollywood Division, from CD13's perspective. We need as much outreach and, if necessary, enforcement as possible.

LAHSA: Don, as we spoke about yesterday, please have your HOPE and Outreach Teams make this as high a priority as possible, and please coordinate with LGBT Center and E6 teams on outreach.

City Attorney: Steve, are you able to work with LAPD on legal remedies where applicable?

RAP: Yamil, please continue to be in touch with me regarding what you are seeing and the feedback you are getting. I often hear from the residential neighbors but I would appreciate hearing from you as well.

Thanks, everyone.

Best,

Hi Anthony,

I am un-CCing some of the other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava), the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt). I am also CCing my colleague here at Councilmember Mitch O'Farrell's office, our District Director Marisol Rodriguez.

I'm including everyone above to keep all the appropriate parties in the loop regarding your photos and documented concerns.

As I believe we have discussed in the past, there are a number of legal and logistical challenges that dictate the actions that the City can and cannot take at this location. That being said, we certainly understand and share many of the concerns that you and other neighbors have raised. For my part, I will be calling you **today, Tuesday December 12th, at 4:30 PM** at the number you provided. This way, we can discuss these issues in greater detail. If that time doesn't work for you, please let me know, and/or feel free to give me a call back at your convenience. My cell is (213) 254-7214.

Dan I agree that the Hollywood Recreational Center should be a top priority. I've been out at the recreation center a few times a week since being assigned to that area. We do need to focus our resources and efforts into the park and surrounding streets. I will also reach out to the TAB unit to help us with this issue.

Your leadership has proven you're more worried about potential lawsuits than our lives that are being impacted by criminal encampments. Maybe you'll wait for more fires on the westside or in the hills to finally act?

Shall we set up meetings w the ACLU and other potential litigants so we can work together, instead of living in your fears of litigation?

Do we, the constituents, have to do your work for you?
After numerous calls and endless emails, that's basically what your staff have advised us to do.

4:30 is good for a call.
Thanks for adding Captain Cory Palka I am familiar with his work I follow him and the Hollywood PD on twitter. I also reached out to Steve Houchin today also to try to sit down with him and discuss drafting potential legislation in LA to ban sleeping on the streets. I spoke to Steve in August and he had the most insight to this problem that I found out of anyone in the city.
I am adding 2 people to this thread. Ferris Wehbe and Susan Chivaratanond both are property owners and landlords that are being affected by this encampment.

I think the problem needs to be redefined. These people are not "homeless" out of worked actor or editor that can't find a gig. These are drug addicts and pimps that bully and harass the community the word "homeless" needs to be removed from the equation. They are not homeless. They have fallen through the fabric of society and have become a parasite on the community.

This is a city legislative problem. Not one you can push of on the police that are doing all they can to protect there citizens. This falls on the desk of Mitch O'Fallen and our mayor Mr. Eric Garcetti.

Dan we spoke in August and sense then the encampment only has grown and became more violent.
Mich O'fallen and Mr. Garcetti are failing there constituents and action needs to be taking immediately.

Awaiting you call

last week
.
Councilmember O'Farrell asked me to follow up with you regarding the letter he sent AT&T several weeks ago, related to increased security and a possible mural on AT&T's El Centro Avenue wall.

Also at the Councilmember's request, and in consultation with LAPD West Bureau Command, we would like to set up a meeting ASAP to discuss AT&T's properties in Hollywood and the recurring issues associated with them (security, maintenance, lighting, etc.).

In addition to Councilmember O'Farrell himself, I am CCing LAPD West Bureau Deputy Chief Dennis Kato, Commander Blake Chow, Hollywood Captain Cory Palka, HOPE Sergeant Adrian Maxwell, and Officers Jesse Ruvalcaba and Joe Eubank.

As I believe you are aware from your own correspondence with neighbors in the area, making some progress on some of these issues is of great importance not just to our office and LAPD, but to the community as a whole.

I am proposing a meeting **the week of Monday 12/18,** so we can get this in before the holidays.
Please let me know your availability during that time, and if you have any questions.

Thank you,

I think the problem needs to be redefined. These people are not "homeless" out of worked actor or editor that can't find a gig. These are drug addicts and pimps that bully and harass the community the word "homeless" needs to be removed from the equation. They are not homeless. They have fallen through the fabric of society and have become a parasite on the community.

This is a city legislative problem. Not one you can push of on the police that are doing all they can to protect there citizens. This falls on the desk of Mitch O'Fallen and our mayor Mr. Eric Garcetti.

Dan we spoke in August and sense then the encampment only has grown and became more violent.
Mich O'fallen and Mr. Garcetti are failing there constituents and action needs to be taking immediately.

I own the property at 1149 Cole. I lived there from 2007-2012. Raised my daughter there for 5 years played in the Hollywood community park.
How as the city allowed this to happen?
These are not out of work actors or editor down on there luck waiting to find the next gig. These are career drug dealer pimps and low lives. They harass the good tax paying citizens. Is this your plan?

I've seen them run prostitution rings out of there tents.

Is that what the ACLU and homeless advocate support? Prostitution & drug usage?

How do we clean this up?

Please advise what steppes are being taken to handle this.

Hi Jennifer,

The location is being reported to LASAN. Additionally, since it appears from the photo that the sidewalk is being blocked, I am including LAPD Sgt. Maxwell (in charge of the homeless outreach/engagement team) and Officer Jesse Rubalcava, the acting senior lead officer for the area. Joe Eubank has been promoted to Sgt. and is no longer with Hollywood Division.

If it's already been reported to Sanitation by someone else, what is the date of that report?
If it hasn't been reported at least by someone at CD 13, why not?
It's been there since October.

Thanks, Noel. We are not married to the 18th per se, but let us know what works for you that week. We are flexible regarding the location -- although it is likely to be either in our Echo Park District Office or in Hollywood at the police station complex.

Keep me posted -- thanks!

Hi Noel and Lupita,

Noel, good seeing you

last week

.

Councilmember O'Farrell asked me to follow up with you regarding the letter he sent AT&T several weeks ago, related to increased security and a possible mural on AT&T's El Centro Avenue wall.

Also at the Councilmember's request, and in consultation with LAPD West Bureau Command, we would like to set up a meeting ASAP to discuss AT&T's properties in Hollywood and the recurring issues associated with them (security, maintenance, lighting, etc.).

In addition to Councilmember O'Farrell himself, I am CCing LAPD West Bureau Deputy Chief Dennis Kato, Commander Blake Chow, Hollywood Captain Cory Palka, HOPE Sergeant Adrian Maxwell, and Officers Jesse Ruvalcaba and Joe Eubank.

As I believe you are aware from your own correspondence with neighbors in the area, making some progress on some of these issues is of great importance not just to our office and LAPD, but to the community as a whole.

I am proposing a meeting **the week of Monday 12/18,** so we can get this in before the holidays.

Please let me know your availability during that time, and if you have any questions.

Thank you,

Dan,
Good morning.
I would recommend we still move forward with the 18th – I'm still waiting for a response from my colleagues; however, in the event that they don't have flexibility that day/week may we make arrangements to have them call into the meeting?
Let me know.

Neighbors,
Thank you for your various emails and correspondence related to the situation at and around the Hollywood Recreation Center, specifically on Cole Avenue, Lexington Avenue, and Cahuenga Boulevard. Please know that we take each and every one of your inquiries quite seriously, and we understand your frustration and concern.

As you may be aware, earlier this week the Bureau of Sanitation conducted a cleanup of much of the encampment, after several attempts at outreaching to the individuals at this location. This is in line with protocols put in place at the direction of the City Attorney.

We are well aware that the situation with the encampments has returned and is ongoing, and our office will continue to work within all available means and resources to bring relief to the situation.

As Councilmember O'Farrell's field deputy for Hollywood, I am available to you and to any questions and concerns you have. This is a complicated issue, and if we have not spoken already, I suggest you call me directly so we can discuss these matters in further detail. You can reach me at:

Hi Dan,

I know how busy you are but we need to bring this to your attention. Yesterday, the planters we have placed in that space next to the freeway have been vandalized (pictures attached). We reported it to LAPD and they sent an investigator. Attached is the officer's Investigative Report. Incidentally, our cameras failed to record the crime being committed and we only had a suspect riding a bike leaving the scene. As can be expected, this case will be kept on file and most probably will soon be forgotten. Although we never caught the person(s) in the act, we have a strong suspicion that they belong to the group of transients living in the tents along Carlos Avenue and at the corner of Tamarind Avenue. I recognize them as being the same group evicted from the cul-de-sac by Officer Sevdalian and his team some months back. They were not able to occupy that space again because of the planters we put in place right after they moved out. Now that they live nearby, they maybe thinking of going back there if we do not replace the broken pots as soon as possible.

We would like to seek your help again in ridding Carlos Avenue of transients. These tents are up 24/7 and so residents of nearby buildings have to walk on the street or risk being harassed when walking next to their tents. This area is fast becoming a potential crime scene if nothing is done about them. We are highly suspicious that drug deals involving these transients are being made there. Old vans can be seen parked next to or near them for days until cleaning day. We would greatly appreciate whatever assistance you can provide in clearing that area of transients so we can walk on the sidewalk without fear of being attacked.

Thanking you in advance for your help.

.
Councilmember O'Farrell asked me to follow up with you regarding the letter he sent AT&T several weeks ago, related to increased security and a possible mural on AT&T's El Centro Avenue wall.

Also at the Councilmember's request, and in consultation with LAPD West Bureau Command, we would like to set up a meeting ASAP to discuss AT&T's properties in Hollywood and the recurring issues associated with them (security, maintenance, lighting, etc.).

In addition to Councilmember O'Farrell himself, I am CCing LAPD West Bureau Deputy Chief Dennis Kato, Commander Blake Chow, Hollywood Captain Cory Palka, HOPE Sergeant Adrian Maxwell, and Officers Jesse Ruvalcaba and Joe Eubank.

As I believe you are aware from your own correspondence with neighbors in the area, making some progress on some of these issues is of great importance not just to our office and LAPD, but to the community as a whole.

I am proposing a meeting **the week of Monday 12/18,** so we can get this in before the holidays.
Please let me know your availability during that time, and if you have any questions.

Thank you,

Mr. Noel E. Pallais
AT&T External Affairs – Greater Los Angeles Region
2250 East Imperial Highway, 5th Floor
El Segundo, CA 90245

Dear Mr. Pallais,

For the past several years, AT&T has worked with multiple community and government partners to address issues of concern on and around its property located at 6114 Sunset Boulevard in Hollywood.

As City Councilmember for this area, I appreciate AT&T's willingness to provide services including trash pickup, cleaning, and maintenance. However, numerous public health and safety issues persist at this location and I am asking that AT&T devote further resources toward helping to alleviate these challenges.

I am formally requesting that AT&T work with my office, the Los Angeles Police Department (LAPD), and its neighbors by investing in the following:

1) **Private Security** – Other property owners in the area have made this investment and have seen a positive impact. I request that AT&T join its neighbors and hire security personnel to better secure its private property.

2) **Mural** – Often, AT&T's perimeter – particularly the wall on El Centro Avenue – gets tagged with graffiti, including profanity. This is an eyesore, as well as a recurring burden for AT&T to report and paint over. A noted deterrent to graffiti is to paint a mural under the auspices of the City's Mural Ordinance, which I authored. There are numerous community partners willing to paint and maintain a mural on AT&T's El Centro Avenue wall, which would be a wonderful success story for this neighborhood.

If you have any questions regarding these matters, please contact Daniel Halden of my staff at daniel.halden@lacity.org or (213) 207-3015. Thank you for your consideration of these requests, and I look forward to continuing to work with you.

Best Regards,

Dear Sarah,

My name is Jane and I live at 1963 Redesdale Ave in Silver Lake 90039 which has been negatively affected by the proliferation of short-term rentals. I understand you are the planner on two proposed residential projects by Onni Group, one at 1360 N. Vine St and the other at 6091 Santa Monica Blvd. I am writing today to make sure you know of a letter (attached) by a coalition of housing and community organizations concerned about short-term rentals sent to the Director of Planning regarding Onni's Level Furnished Living in Downtown LA. Onni received city approvals in 2013 for a condo tower of 303 units. However, the company now offers rentals at "any duration of stay" at a nightly rate of $284/night as of November 15th.

The public needs a guarantee that these projects will not become unpermitted hotels. In order to ensure we maintain needed housing stock in Los Angeles and ensure the proposed projects remain housing for resident rather than a hotel for tourists, I and the coalition urge that a condition be put on a project that requires Onni, its lessees and property managers not lease or advertise apartment units at these projects as available for rent for less than 30 days, and that Onni agree to the recordation of a restrictive covenant preventing hotel or extended stay or "transient occupancy residential structure" uses on the subject property for no less than five years, in similar fashion to provisions under LAMC § 91.106.4.1. This will ensure Onni is upfront about its development plans, prevent improper "piecemealing" under CEQA, and guarantee substantial community input prior to any controversial approvals sought by Onni.

Please keep me updated regarding this project and this request and inform me when any environment documents released or any public hearings are held.

Thank you,
Jane Taguchi

Vincent Bertoni, Director
City Planning Department
City of Los Angeles

Los Angeles, CA 90012-2601

RE: Request to Investigate Level Furnished Living, 888 S. Olive St.

Dear Director Bertoni:

As the City of Los Angeles (City) considers common-sense regulation of short-term rentals, we write to urge an investigation of Onni Group's Level Furnished Living at 888 Olive St. for what appears to be an unlawfully operating and unpermitted hotel use. As you know, the City faces a housing crisis, a crisis made worse by the commercialization of rental housing and even rent-controlled housing in our neighborhoods into illegal hotel units. **Onni's Level Furnished Living may be the poster child for the loss of our housing stock.** As shown in the attached legal analysis, Onni received entitlements for the construction of 303 residential condos and a gym use on the bottom floor. Indeed, in news reports prior to its approval in 2013, Onni described the site's future use as condominium tower.[1] Despite this, Onni openly advertises its Level property as available for short-term hotel stays as little as a single night, collecting hotel fees or transit occupancy taxes (TOT) since June 2015 (just one year after seeking an extension of entitlements), and **has no Certificate of Occupancy for any hotel use. The City should investigate this seemingly unlawful activity and ensure Onni obeys all requirements under the Los Angeles Municipal Code (LAMC).**

Additionally, Onni Group has five projects currently in the pipeline in the City, amounting to the creation of 2,794 units, which, according to our calculations, only 4.4 percent will be designated affordable. Given the issues raised above, the public needs a guarantee that these projects will not become unpermitted hotels. Therefore, we respectfully urge that any City Planning Department (LADCP) approval of a residential project proposed by Onni, neither disclosed as nor seeking the necessary permits for hotel uses (such as a special Conditional Use Permit), be conditioned on Onni, its lessees and property managers not advertising the apartment units as available for rent for less than 30 days. Furthermore, because the undisclosed conversion of use from residential to hotel may cause environmental impacts to traffic and land use plans under CEQA, we also urge LADCP require as a condition of approval the recordation of a restrictive covenant preventing hotel uses on the subject property for no less than five years, in similar fashion to provisions under LAMC § 91.106.4.1. This will ensure Onni is upfront about its development plans, prevents improper "piecemealing" under CEQA, and guarantees substantial community input prior to any controversial approvals sought by Onni.

Jeanne -

Thank you for your request for clarification. Yes, you may exclude from Item No. 6 emails where the named individuals were copied on a mass email along with the Council office, but nothing in the communication discusses those individuals. We would agree to this if you could forward to me three examples of the types of mass mail communications you say do not involve the persons listed in the request.

If you can send three of those examples now, we can reach agreement on this point.

Thank you.

Mr. Wright:

Thank you for your response.

I have one more clarifying question for you. Many of the searches have produced emails where the individuals listed in your Item #6 may be a recipient of a mass group email, but not referred to in the body of the email.
For example, we have an email from a community member sent to dozens of names/emails, in which Bill Zide is listed in his HSDNC capacity, but the content of the email does not refer to nor relate to Bill Zide nor Target specifically.
Do you want those documents produced? If not, that could significantly cut down the time needed to comply with your entire request.

Please advise,
Jeanne Min

So, I appreciate your response and asking staff to pick up the pace of searching for and producing responsive records, and that you will provide documents as they come to you on a rolling basis leading up and including December 15.
It is my experience that the Council office goes silent when officially closed for the holiday. That said, I know that some Chiefs of Staff and others may work unofficially during the break even though the office is officially closed and not answering the phone.
So if you have further documents to produce on December 18, 2017 or thereafter, our office will be generally open and available to receive them via email.

Good news, sort of.

You do NOT need to produce documents where the named individual/organization is a recipient of an email and if the content/body of the email does not refer to or relate to that named individual or organization specifically.

However, if their names are mentioned (ex. Bill Zide as the Chair of the HSDNC) in the body, please print for me to review.

Again, reminder to have these documents produced to me by 12/8.

Thank you,

Mr. Wright:

I have asked staff to complete their search before we enter Council recess (which begins 12/15)
as many of them may be out of the office for the holidays.
As I stated, it has become a much larger request. I am planning to have them ready no later than Dec. 18th.
I will also be sending over as I receive them. You may receive all responsive documents before this
date.

Thank you,

Ms. Lebron:

Attached are additional responsive documents to your Target at Sunset and Western request that were not available to me at t
emailed. There was never an intention to withhold any of these documents.

Your clarification of item #6, however, will require a much more significant search by staff.

I have instructed staff to provide me the responsive documents as soon as possible and I will send to you in increments as I re
them.

My plan is to get the additional documents to you no later than Dec. 18.

Thank you,

Dear Sarah,

My name is Jane and I live at 1963 Redesdale Ave in Silver Lake 90039 which has been negatively affected by the proliferation of short-term rentals. I understand you are the planner on two proposed residential projects by Onni Group, one at 1360 N. Vine St and the other at 6091 Santa Monica Blvd. I am writing today to make sure you know of a letter (attached) by a coalition of housing and community organizations concerned about short-term rentals sent to the Director of Planning regarding Onni's Level Furnished Living in Downtown LA. Onni received city approvals in 2013 for a condo tower of 303 units. However, the company now offers rentals at "any duration of stay" at a nightly rate of $284/night as of November 15th.

The public needs a guarantee that these projects will not become unpermitted hotels. In order to ensure we maintain needed housing stock in Los Angeles and ensure the proposed projects remain housing for resident rather than a hotel for tourists, I and the coalition urge that a condition be put on a project that requires Onni, its lessees and property managers not lease or advertise apartment units at these projects as available for rent for less than 30 days, and that Onni agree to the recordation of a restrictive covenant preventing hotel or extended stay or "transient occupancy residential structure" uses on the subject property for no less than five years, in similar fashion to provisions under LAMC § 91.106.4.1. This will ensure Onni is upfront about its development plans, prevent improper “piecemealing” under CEQA, and guarantee substantial community input prior to any controversial approvals sought by Onni.

Please keep me updated regarding this project and this request and inform me when any environment documents released or any public hearings are held.

Thank you,
Jane Taguchi

RE: Request to Investigate Level Furnished Living, 888 S. Olive St.

Dear Director Bertoni:

As the City of Los Angeles (City) considers common-sense regulation of short-term rentals, we write to urge an investigation of Onni Group's Level Furnished Living at 888 Olive St. for what appears to be an unlawfully operating and unpermitted hotel use. As you know, the City faces a housing crisis, a crisis made worse by the commercialization of rental housing and even rent-controlled housing in our neighborhoods into illegal hotel units. **Onni's Level Furnished Living may be the poster child for the loss of our housing stock.** As shown in the attached legal analysis, Onni received entitlements for the construction of 303 residential condos and a gym use on the bottom floor. Indeed, in news reports prior to its approval in 2013, Onni described the site's future use as condominium tower.[1] Despite this, Onni openly advertises its Level property as available for short-term hotel stays as little as a single night, collecting hotel fees or transit occupancy taxes (TOT) since June 2015 (just one year after seeking an extension of entitlements), and **has no Certificate of Occupancy for any hotel use. The City should investigate this seemingly unlawful activity and ensure Onni obeys all requirements under the Los Angeles Municipal Code (LAMC).**

Additionally, Onni Group has five projects currently in the pipeline in the City, amounting to the creation of 2,794 units, which, according to our calculations, only 4.4 percent will be designated affordable. Given the issues raised above, the public needs a guarantee that these projects will not become unpermitted hotels. Therefore, we respectfully urge that any City Planning Department (LADCP) approval of a residential project proposed by Onni, neither disclosed as nor seeking the necessary permits for hotel uses (such as a special Conditional Use Permit), be conditioned on Onni, its lessees and property managers not advertising the apartment units as available for rent for less than 30 days. Furthermore, because the undisclosed conversion of use from residential to hotel may cause environmental impacts to traffic and land use plans under CEQA, we also urge LADCP require as a condition of approval the recordation of a restrictive covenant preventing hotel uses on the subject property for no less than five years, in similar fashion to provisions under LAMC § 91.106.4.1. This will ensure Onni is upfront about its development plans, prevents improper "piecemealing" under CEQA, and guarantees substantial community input prior to any controversial approvals sought by Onni.

Subject: AT&T Meeting Needed ASAP with LAPD West Bureau Command & CMO'Farrell's Office
SC13HO-KMC517110912060.pdf

Hi Noel and Lupita,
Noel, good seeing you
last week
.
Councilmember O'Farrell asked me to follow up with you regarding the letter he sent AT&T several weeks ago, related to increased security and a possible mural on AT&T's El Centro Avenue wall.

Also at the Councilmember's request, and in consultation with LAPD West Bureau Command, we would like to set up a meeting ASAP to discuss AT&T's properties in Hollywood and the recurring issues associated with them (security, maintenance, lighting, etc.).

In addition to Councilmember O'Farrell himself, I am CCing LAPD West Bureau Deputy Chief Dennis Kato, Commander Blake Chow, Hollywood Captain Cory Palka, HOPE Sergeant Adrian Maxwell, and Officers Jesse Ruvalcaba and Joe Eubank.

As I believe you are aware from your own correspondence with neighbors in the area, making some progress on some of these issues is of great importance not just to our office and LAPD, but to the community as a whole.

I am proposing a meeting **the week of Monday 12/18,** so we can get this in before the holidays.
Please let me know your availability during that time, and if you have any questions.

Thank you,

Dan Halden

November 6, 2017

Mr. Noel E. Pallais
AT&T External Affairs – Greater Los Angeles Region
2250 East Imperial Highway, 5th Floor
El Segundo, CA 90245

Dear Mr. Pallais,

For the past several years, AT&T has worked with multiple community and government partners to address issues of concern on and around its property located at 6114 Sunset Boulevard in Hollywood.

As City Councilmember for this area, I appreciate AT&T's willingness to provide services including trash pickup, cleaning, and maintenance. However, numerous public health and safety issues persist at this location and I am asking that AT&T devote further resources toward helping to alleviate these challenges.

I am formally requesting that AT&T work with my office, the Los Angeles Police Department (LAPD), and its neighbors by investing in the following:

1) **Private Security** – Other property owners in the area have made this investment and have seen a positive impact. I request that AT&T join its neighbors and hire security personnel to better secure its private property.

2) **Mural** – Often, AT&T's perimeter – particularly the wall on El Centro Avenue – gets tagged with graffiti, including profanity. This is an eyesore, as well as a recurring burden for AT&T to report and paint over. A noted deterrent to graffiti is to paint a mural under the auspices of the City's Mural Ordinance, which I authored. There are numerous community partners willing to paint and maintain a mural on AT&T's El Centro Avenue wall, which would be a wonderful success story for this neighborhood.

If you have any questions regarding these matters, please contact Daniel Halden of my staff at daniel.halden@lacity.org or (213) 207-3015. Thank you for your consideration of these requests, and I look forward to continuing to work with you.
